Argentina Recalls Aide From Cuba

Frondizi Seeks To Appease Critics Of Soft Line At Talks

BUENOS AIRES, Argentina (AP)—Argentina today recalled Ambassador Julio Amoedo from Cuba, the Foreign Ministry announced.

The step had been expected as President Arturo Frondizi sought to appease military critics of his soft line toward the Fidel Castro regime in Cuba at the recent inter-American foreign ministers' conference.

Recalling the ambassador does not constitute a diplomatic break, but morning newspapers here had suggested that the crisis between the president and the nation's leading military men was nearing an end. They predicted a gradual break in relations with Cuba.

However, many officers were reported still demanding the immediate complete break which the nation's military leadership demanded in an ultimatum to the president Thursday night.

The latest crisis for Frondizi's government, now in its fourth year, stemmed from Argentina's refusal at the inter-American conference earlier this week to vote with the U.S.-supported majority to oust the Castro regime from the Organization of American States.

Published reports said the service chiefs had threatened to resign unless Frondizi swings his foreign policy to the right, breaks with Cuba and fires Foreign Minister Miguel Angel Carcona and other officials responsible for putting Argentina in the go-slow bloc at the inter-American conference at Punta del Este, Uruguay.

However, Carcano emerged from the late night meeting with Frondizi and the military chiefs and gave the impression that the government had won a breathing spell.

He indicated he was not planning to resign and told newsmen that the service secretaries "listened to me with incredible patience" when he explained the Argentine stand.

Argentina joined Brazil, Chile, Mexico, Ecuador and Bolivia in opposing the conference's key resolution—the immediate ouster of Cuba from OAS councils—on the grounds that the OAS charter contains no legal provision for expulsion of a member.

AN UNIDENTIFIED MAN speaks to some 80 persons who staged a sit-in demonstration Thursday in the municipal building at Englewood, N. Stearns and principal Francis Garrity to permit the transfer of nine Negro children from two predominantly Negro elementary schools to the predominantly white school. (UPI Telephoto)

Peace Pact For Algeria Imminent

French Leader To Address Nation On Secret Negotiations

PARIS (AP) — French army tanks converged on Paris today to forestall any attempt by the right-wing Secret Army to overthrow President Charles de Gaulle as reports of an imminent peace pact for Algeria persisted.

With mounted machine guns, two squadrons totaling 32 tanks moved on the capital to give armored support to 25,000 riot police alerted against the threat of an uprising by the rightist underground.

De Gaulle will address the nation by radio and television Monday night in what shaped up as a crucial statement on the long secret negotiations with the Algerian Nationalist Liberation Front to end the seven-year rebellion.

French public opinion was being prepared for a deal with the rebels to carry out De Gaulle's policy of putting Algeria on the path to independence.

Well-informed diplomatic sources said the agreement already had been drafted and needed only the formal signatures of both sides.

France's allies reportedly have been notified that the De Gaulle regime seriously fears an attempted coup by the right-wing extremists either in France or Algeria—or in both places—when the peace accord is announced.

There were reports that some French officials hoped to provoke the Secret Army into an uprising in advance of a peace announcement on the theory that a premature putsch would be easier to crush—at least in metropolitan France.

Security forces also were reinforced in hotbeds of rightist terrorism in Algeria. Two hundred crack assault commandos moved into Algiers Thursday to reinforce French troops already put on emergency footing.

The Algerian rebel cabinet was meeting today in Tunis, reportedly to take up the projected peace accord before putting it before a special session of the National Revolutionary Council—a sort of rebel parliament—in Tripoli within the next two weeks.

Approval by the French Parliat is not necessary. In a referendum in 1961 the French voters gave De Gaulle a free hand on Algerian policy.

U.S. Eyes NATO Support On Plan To Isolate Cuba

WASHINGTON (AP) — The United States was expected today to direct prompt and urgent appeals to its NATO allies and other Allied countries to cooperate with the newly adopted inter-American policy of isolating Cuba.

The U.S. government itself is reported ready to make more extensive use of its naval forces in an effort to cut off Cuban arms shipments to subversive groups in other Latin-American countries.

President Kennedy and Secretary of State Dean Rusk also are looking into the possibility of slapping a total embargo on U.S. trade with Cuba, one effect of which would be to deny Cuba a source of income amounting to about $15 million a year at the present rate of trade.

In connection with the possible abolition of all trade with Cuba, Rusk charged Thursday at a news conference that Cuba was using American dollars to promote subversion in other countries. He didn't explain the remark.

The possibility of some move by Cuban Prime Minister Fidel Castro against the U.S. Naval Base at Guantanamo is also under careful watch here, it was learned. In event of serious harassment, U.S. dependents at the big base would be brought home.

Three huge aircraft carrier, the Enterprise, Forrestal and Constellation, are cruising in the Caribbean and could be deployed speedily in the Guantanamo area if necessary.

Officials discount the chance of a Castro decision to attack Guantanamo directly since that would involve open conflict with the United States. But a battalion of Marines is said to be in the vicinity of the base in case trouble brings a need for reinforcements. More could quickly be flown in from Camp Lejeune, N.C.

Rusk was received by Kennedy in an unusual White House welcoming ceremony when he flew back to Washington Thursday from the foreign ministers conference in Uruguay.

Kennedy praised the results of Rusk's diplomacy at Punte del Este and said the over-all result was that the inter-American system had been strengthened and "communism isolated" in the Western Hemisphere.

Then, at his news conference, Rusk refuted any idea of a basic split among hemisphere nations over Cuba. He pointed particularly to unanimous adoption of a resolution declaring Cuba under the Marxist-Leninist leadership of Castro "incompatible" with the American system.

Acknowledging that there were six abstentions on a resolution to exclude the Castro government from participation in the inter-American system, Rusk said that the abstaining governments were bothered by legal and technical questions and did not disagree on the principle of Cuba's unfitness to be in the inter-American system.

Rusk will review the Punta del Este meeting in a radio-television report to the nation tonight at 7 p.m. Eastern Standard Time. All three networks, NBC, ABC and CBS, said they will carry the 15-minute program live.

GOP Faithful Give Cash, Hit At Democrats

17 Party Dinners Held Across Nation For Fund-Raising

WASHINGTON (AP)— Republicans across the nation poured out cash for the party till Thursday night along with cries that Democrats are grabbing for more power with "profligate spending" and "political fakery."

And the GOP faithful heard what some of them thought sounded like a political war whoop, not so much for 1962 as for 1964, from Gov. Nelson A. Rockefeller of New York.

The Republicans spent the evening at 17 party get-togethers in 17 cities, tied together for an hour by closed circuit television. This was the warm-up and kickoff for the congressional election campaign of 1962.

The oratory at the parties followed the usual political pattern of swinging away at the opposition, upholding the GOP cause with professions of confidence, and holding up the party as the great hope of the nation for getting sound, sensible, responsible government.

This was the other side of the record the Democrats played on Jan. 20—the first anniversary of the New Frontier — when they staged a fund-raising banquet that drew people to Washington from over the country.

Gen. Dwight D. Eisenhower paced the parade of Republican speakers. It was the former president who accused the Democrats of profligate spending and "living on a flood of I.O.U.'s." He and other GOP oratorial talent said the opposition is reaching for a more powerful central government and controls.

Blast, Fire Kill Mother, 4 Of Children

COALPORT, Pa. (AP)—A fast-burning fire apparently ignited by an explosion killed a mother and four of her five young children Thursday night at their rural home in western Pennsylvania.

The father escaped with the oldest child in his arms by leaping from a second-floor window. Another daughter fell from his grasp just as he started to jump and was killed.

The bodies of Mrs. Larry G. Thomas, 27; Sue Ann, 7; Karen Marie, 5; Larry Lee, 1, and Timothy James, born last Christmas eve, were recovered several hours after the fire.

The two-story wood frame house in the community of Rosebud burned to the ground in less than half an hour, firemen said.

Fire Chief George Peacock of Coalport said cause of the blaze could not be determined positively right away. But he added:

"There must have been an explosion of some kind, as quick as it was."

East End Residents Claim City Plant Not Used By Them

Fifty-two East End property-owners filed a civil action Thursday afternoon in Common Pleas Court, seeking to force the city to return $20,000 they claim has been collected illegally since July 1, 1956, in sewage service charges.

The property-owners contend the city has no right to collect a charge from them because the waste from their homes empties into a line that feeds directly into the Ohio River, so it is not processed through the sewage treatment plant in West End.

The action was filed by residents of Cleveland Ave., Etruria St., St. George St., River Alley, Ohio Ave. and adjoining areas. It names as defendants the city as a municipal corporation and mayor Bert H. Goodballet and Safety-Service Director Robert Owen.

In response to a query, Solicitor Joseph W. Cooper said today that the city's position has been

State Senate Aspirant Enters Bid Officially

Allen J. Dalrymple of Wellsville R. D. 1 filed Thursday afternoon with the County Election Board to seek the Republican nomination for state senator in the 20th-22nd District in the May 8 primaries, confirming an earlier announcement.

Candidacies either announced or entered formally to date promise each party a two-way race for the single seat the district will have in the next biennium.

Sen. Arthur Blake of Martins Ferry, veteran Democratic incumbent, filed Wednesday. Sen. Edmund Sargus of St. Clairsville, also a Democratic incumbent, has announced he will run again.

Atty. Donald Elliott of Rogers has announced as a Republican candidate. The district includes Columbiana, Jefferson, Belmont and Harrison Counties. Because of periodic reapportionment that occurs about once in 10 years, the district has two senators in the current biennium. The number will be cut back to one with the term beginning in 1963.

Cooties To Conduct Dimes Solicitation

Vin Muscatel Tent 10, Military Order of the Cootie, will hold a "Block of Dimes" drive Saturday from 9 a.m. to 5 p.m. on E. 5th St. to aid the countywide fund drive of the National Foundation.

Barney Pewter, vice commander and hospital committee chairman, will be in charge, aided by Don Lanam, quartermaster, Ray Lloyd and Frank McDaniel. Pewter said more volunteers are needed.

Mayor Bert H. Goodballet gave permission for the stunt, Pewter said. It's the 24th year Pewter has aided the campaign. In the past, he donned the uniform of the "fun" organization and sought contributions in the business district with a wheelbarrow.

County Recorder Richard G. Brian, county drive chairman, said East Liverpool area residents who were not at home Wednesday night during the annual Mothers March on Polio may leave contributions at hte First National Bank. The drive is about $400 short of the goal, he said. John Hales is city chairman.

Sales Tax Extension Passed

Major Items Of Pipeline Legislation Up For Vote

CHARLESTON (AP) — Votes on major items of coal pipeline legislation were scheduled in both houses of the West Virginia Legislature today.

At passage stage in the House were that chamber's versions of all four bills in the administration's sheaf of pipeline legislation. The outcome of a close test vote yesterday encouraged supporters as to the bills' chances for House approval.

The Senate, having passed its version of the main pipeline bill 21-11 yesterday, had up for a vote today a bill to tax this revolutionery method of coal transportation. The bill, by Sen. Paul J. Kaufman, D-Kanawha, would tax coal pipelines at the rate of 3½ per cent on net income earned in West Virginia.

The pipeline legislation was proposed by Gov. Barron to clear the way for building the West Virginia portion of a pipeline from this state to the East Coast. It would transport pulverized coal in a mixture with water, called slurry. The Consolidation Coal Co. and the Texas Eastern Transmission Corp. are the main promoters of the project.

The key bill would enable coal pipelines to go to court to acquire property in condemnation suits. The power to do this is called the "right of eminent domain."

This is the bill the Senate passed yesterday. Under the Senate version, a coal pipeline company, to qualify for the right of eminent domain, would have to show that part of its business would be done as an intrastate common carrier.

Being a common carrier would mean the pipeline would have to be available to transport the output of numerous coal companies. The intrastate requirement means part of the pipeline's business would have to originate and terminate in West Virginia. It could not be exclusively an interstate carrier and still have the right of eminent domain under the Senate bill.

The House voted down yesterday an attempt by Del. Jack L. Miller to write this same provision into the House's eminent domain bills.

The administration's consumers' sales tax extension bill is now an act of the Legislature, awaiting only Gov. Barron's assured signature to become law.

Each house had passed its own bill earlier in the week. Final House passage of the Senate-ap-

Pilot To Face Trial In Italy On Espionage

BARI, Italy (AP)—The Bulgarian pilot whose camera-equipped jet crashed in Italy after making two passes over a secret missile base is expected to go on trial in March on charges of political and military espionage. Lt. Milusc Solakov of the Bulgarian air force faces a sentence of 15-24 years imprisonment.

Formal charges of espionage were served on the flier Thursday in the Bari jail's dispensary where he is recovering from the concussion and fractures of the left arm and collarbone he suffered in the crash.

Serving of the warrant automatically set in motion a pre-trial investigation. Acting as a one-man grand jury, the investigating judge has the power to order acquittal, but legal circles considered this unlikely. They said Solakov, 22, most likely will go on trial in March before a court composed of two judges and a jury of six.

The Bulgarian legation in Rome reiterated the Communist government's contention that Solakov had lost his way on a training flight. But it said a legal expert would be assigned to his defense once the legation receives formal notification of the accusation.

Snow Likely But Less Cold

Saturday Will See Some Moderation

Temperatures will ease through Saturday but there probably will be more light snow to plague motorists and weary highway cindering crews.

Road crews have been out every day since Monday because of daily snowstorms that have produced a total accumulation of nearly 3 inches.

There were occasional squalls and flurries last night and more of the same was forecast for tonight and possibly Saturday. Highways were reported slippery in spots but the Ohio Turnpike was mostly dry. The State Highway Department said primary roads were partly snowcovered east and south of a line marked by Millersburg, St. Clairsville, Logan, Urbana and Hamilton.

Zero to 5 above had been forecast for Thursday night but the downtown low this morning at 6 was 13 degrees. The day's high was to range between 16 and 22 and tonight's low 12 to 16. It will not be so cold Saturday.

Today was the third day of zero or below weather for much of New York state.

Congress To Receive More Kennedy Plans

WASHINGTON (AP)—President Kennedy plans to send Congress next week messages on communication satellites, defense and civil defense, and education, the White House reports.

Weirton Man Will Be State Candidate

Two more candidates have entered Hancock County's May 8 primary, swelling the field to 15 as the deadline nears for filing at the Circuit Court clerk's office in New Cumberland.

The office will be open from 9 a.m. to noon and from 6 p.m. to midnight Saturday for last-minute filings, Courthouse officials announced today.

The latest candidates are Dr. James E. Fisher of New Cumberland, who filed Thursday as a Democratic candidate for county commissioner from Clay District, and James E. Porter of Weirton, who seeks the Republican nomination for House of Delegates.

Dr. Fisher, a resident of the county since 1928, is the third Democrat to file for the Clay District commissioner's post. Two GOP candidates are also in the field.

Dr. Fisher came to New Cumberland in 1928 and served as county health physician for three years, later resigning to become

Acting as a one-man grand jury, the investigating judge has the power to order acquittal, but legal circles considered this unlikely. They said Solakov, 22, most likely will go on trial in March before a court composed of two judges and a jury of six.

The Bulgarian legation in Rome reiterated the Communist government's contention that Solakov had lost his way on a training flight. But it said a legal expert would be assigned to his defense once the legation receives formal notification of the accusation.

Snow Likely But Less Cold

Saturday Will See Some Moderation

Temperatures will ease through Saturday but there probably will be more light snow to plague motorists and weary highway cindering crews.

Road crews have been out every day since Monday because of daily snowstorms that have produced a total accumulation of nearly 3 inches.

There were occasional squalls and flurries last night and more of the same was forecast for tonight and possibly Saturday. Highways were reported slippery in spots but the Ohio Turnpike was mostly dry. The State Highway Department said primary roads were partly snowcovered east and south of a line marked by Millersburg, St. Clairsville, Logan, Urbana and Hamilton.

Zero to 5 above had been forecast for Thursday night but the downtown low this morning at 6 was 13 degrees. The day's high was to range between 16 and 22 and tonight's low 12 to 16. It will not be so cold Saturday.

Today was the third day of zero or below weather for much of New York state.

Congress To Receive More Kennedy Plans

WASHINGTON (AP)—President Kennedy plans to send Congress next week messages on communication satellites, defense and civil defense, and education, the White House reports.

Pierre Salinger, press secretary, said Thursday that the exact dates are still to be fixed. He declined to speculate on the contents other than to say the defense message would emphasize civil defense.

Doctor Seeks Hancock Post

Weirton Man Will Be State Candidate

Two more candidates have entered Hancock County's May 8 primary, swelling the field to 15 as the deadline nears for filing at the Circuit Court clerk's office in New Cumberland.

The office will be open from 9 a.m. to noon and from 6 p.m. to midnight Saturday for last-minute filings, Courthouse officials announced today.

The latest candidates are Dr. James E. Fisher of New Cumberland, who filed Thursday as a Democratic candidate for county commissioner from Clay District, and James E. Porter of Weirton, who seeks the Republican nomination for House of Delegates.

Dr. Fisher, a resident of the county since 1928, is the third Democrat to file for the Clay District commissioner's post. Two GOP candidates are also in the field.

Dr. Fisher came to New Cumberland in 1928 and served as county health physician for three years, later resigning to become

Official Merger Slated Saturday By Ware Locals

Merger of five clayshop locals into a single big union will become official at a meeting Saturday morning at 10:30 in the old headquarters of the International Brotherhood of Operative Potters on W. 6th St.

Local 320 will be formed by a voluntary merger of Local 4, casters; Local 10, turners and handlers; Local 12, jiggermen; Local 22, mouldmakers, and Local 29, dish jiggermen.

E. L. Wheatley, international president, will conduct the meeting until the officers are elected for the new local.

The merger is the result of a mass meeting of local union members throughout the district on Nov. 2 in which Wheatley pointed out the advantages in consolidation of some of the smaller locals.

Four other locals are scheduled to follow the same pattern shortly, merging into a combined union. They are Local 21, claymakers; Local 53, finishers; Local 131, battersout and mouldrunners, and Local 132, handle casters and finishers.

In early January, the five locals agreed upon a voluntary amalgamation. Each local is to have its books audited and report to Charles F. Jordan, international secretary-treasury. Wheatley is to call the session at which the merger will be worked out.

Dr. Gresham is the 12th president of Bethany College, a coeducational liberal arts school with approximately 750 students. In the last year, he has directed a $2 million construction and improvement program, including the $1 million Thomas W. Phillips Memorial Library and the $336,000 Ivabell Harlan Hall, a women's residence hall.

In 1960-61, he was president of the International Convention of Christian Churches. He is a member of the Authors Club of London, England, where he frequently spends his summers.

He wrote the books, "Disciplines of the High Calling" and "Incipient Gnosticism In the New Testament," and is editor and co-author of another, "The Sage of Bethany." His most recently published work is "For Individuals Only — Answer to Conformity," just issued by the Bethany Press of St. Louis.

He was professor of philosophy at Texas Christian University from 1933 to 1942 and was a lecturer at the University of Washington from 1942 to 1945. From 1945 to 1953, he was a lecturer at the University of Michigan.

A distinguished American churchman, Dr. Gresham has served on the study commission on faith and order of the World Council of Churches. For years he has been a member of that group of 100 theologians, whose studies and work helped lead to the formation of the world council. It continues to study theological bases of the reunion of Christendom.

DR. PERRY GRESHAM
Bethany College President.

He was minister of University Christian Church at Seattle from 1942 to 1945 and pastor of the Central Woodward Christian Church in Detroit from 1945 to 1953.

He was top man in his Texas Christian graduating class of 1930. He did graduate work at the University of Chicago and Columbia.

In 1960, Dr. Gresham was appointed to the nine-man Executive Board of the North Central Association of Colleges and Universities. From 1954 to 1958, he was president of the West Virginia Foundation of Independent Colleges.

He is a trustee of the Foundation for Economic Education, a director of Toronto Mutual Fund, Ltd., and a member of the clergy-industrial advisory council of the National Association of Manufacturers.

Cleveland's 'JFK' To Seek State Post

CLEVELAND (AP) — John F. Kennedy is seeking the Democratic nomination for state representative, but he refuses to divulge what the F. stands for.

Kennedy, 24, a Republic Steel Corp. clerk, said Thursday night he would file Monday. It will be the first attempt at public office for young Kennedy, who is married and father of a three-week-old son. He recently was discharged from the U.S. Air Force as an Airman 2-C.

Asked what his middle initial stood for, Cleveland's own JFK suggested, "Let's just leave it this way."

Council To Meet

ROGERS — Council will meet Monday night at 7:30, Mayor Robert McCreary announced.

Official Merger Slated Saturday By Ware Locals

Merger of five clayshop locals into a single big union will become official at a meeting Saturday morning at 10:30 in the old headquarters of the International Brotherhood of Operative Potters on W. 6th St.

Local 320 will be formed by a voluntary merger of Local 4, casters; Local 10, turners and handlers; Local 12, jiggermen; Local 22, mouldmakers, and Local 29, dish jiggermen.

E. L. Wheatley, international president, will conduct the meeting until the officers are elected for the new local.

The merger is the result of a mass meeting of local union members throughout the district on Nov. 2 in which Wheatley pointed out the advantages in consolidation of some of the smaller locals.

Four other locals are scheduled to follow the same pattern shortly, merging into a combined union. They are Local 21, claymakers; Local 53, finishers; Local 131, battersout and mouldrunners, and Local 132, handle casters and finishers.

In early January, the five locals agreed upon a voluntary amalgamation. Each local is to have its books audited and report to Charles F. Jordan, international secretary-treasury. Wheatley is to call the session at which the merger will be worked out.

Molotov Has Turned Up

V. M. Molotov's reported heart attack is of "no political importance," says the Kremlin.

This idea is repeated in most Russian information about the old Bolshevik who earned top billing on Premier Khrushchev's must-go list.

Molotov is an old man, the idea goes. What he thinks isn't important. He is getting more attention in America than he deserves. He can't do anything. Americans are making mountains out of Russian molehills.

It is as though the Russians were to make a big thing of the opinions of Herbert Hoover and Harry Truman, whose political futures are behind them. It is as though they were to speculate about the significance of sending Chester Bowles into bureaucratic exile and what it is that causes Robert McNamara, secretary of defense, to be the strong man in the Kennedy Cabinet, while there is speculation that the secretary of the interior, Stewart L. Udall, may be a victim of foot-in-mouth disease.

THE RUSSIANS would be within the bounds of reason if they paid close attention to these things — and they do, though not for publication in their restricted press. The way to learn which way the wind is blowing in government is to keep a close check on informed speculation about its figures.

The old Bolshevik Molotov has been as embarrassing to Khrushchev in his refusal to underwrite the Khrushchev regime as Mr. Truman was to the Democrats when he tried to push Adlai Stevenson over the political cliff.

Molotov's opposition to "peaceful co-existence" has been as hard to put up with as Mr. Hoover's refusal to underwrite the radical conservatism of the far-right wing of Republicanism.

TURNINGS and squirmings inside the federal administration tell more about the forces at work in the United States than four years' worth of official declarations.

If the old Bolshevik Molotov has ended up in a hospital with a heart attack after he had been reported on his way to Vienna weeks ago, his affliction could hardly be anything but terminal and his views could hardly be anything but cataclysmic. The old gent must have shaken the Kremlin to its foundations.

Being Prepared

The evergrowing program of the Columbiana Boy Scout Council and its energetic plans extending to 1980 not only amaze detached observers, but often startle some of the Council's leaders.

Bennett Taylor, affable executive of the Council, at a Kiwanis Club meeting Thursday reported the Scouting organization is serving a far greater percentage of youths than the national scale and said the Council hopes to reach six out of every 10 boys of Cub Scout age by 1980.

This is no small order, but with the continued capable guidance of the Council's directors and executives and the loyal service of the Scoutmasters and other adult leaders on the troop and pack level, there is no reason why the Council shouldn't be amazing itself and others for 18 more years.

More Than A Paper Danger

If Americans needed something special to be thankful for, they could be thankful for their tradition that civil authority must be supreme over military authority in their republic.

The severest test ever made of the tradition was the MacArthur incident during President Truman's administration, and to this day many Americans do not understand what caused the issue to be joined between the two men. That was it—the age-old issue of civil vs. military authority. Mr. Truman won. He had to win. Had the lost, the United States would have lost one of its most precious traditions.

The danger of a naked clash between civil and military authority is on display in France, where President DeGaulle is preparing to use the French army to put down an uprising of dissident French militarists. If his government makes peace in Algeria on terms they say they will never accept, the dissidents are expected to start a revolution against DeGaulle, a soldier himself.

Militarists are maintained to make war when war is necessary. They must take their orders from civil authority. Their only area of competence is militarism, unless they strip themselves of military rank and obligations. Only then are they competent to deal in civil affairs.

The showdown issue in France will be the loyalty or lack of loyalty among army officers and troops. If they side with DeGaulle, there can be peace with honor in Algeria. If they side with the military dissidents who would destroy France before they would yield in Algeria, there can be no peace. France will have become a military dictatorship, ruled by one wave of militarists after another, each to be brought down in turn by the violence of the next.

Whatever President DeGaulle has done wrong, he must do this thing right because France can be lost if he fails.

Death-Defying Wallendas

There isn't an adult in this country who hadn't seen or heard about the Wallendas, best known of all the circus acts. The Acchinis with their spectacular human cannonball act have had more publicity, but in sustained suspense and skill the Wallendas were unequaled.

Spectators always wondered what would happen if the Wallendas fell while they were balancing themselves in a human pyramid on a wire with no net beneath it. They had fallen once in a public performance years ago, though without injury, because all of them were lucky enough to hang from the wire when their pyramid collapsed.

It finally happened. The Wallendas fell again at Detroit. Two were killed outright. Seven thousand people saw what would happen when the most incredible of all balancing acts failed.

Death was defied once too often. In the great tradition of showmanship the Wallendas have gone on — and from now on no one will question the phrase "death-defying."

The Once Over

Swap of airwave appearances between President Kennedy and Khrushchev may or may not have been killed by time this is printed. Anyhow it could never be a bargain for our side, since comparatively few Russian homes have TV sets, while Nikita would be able to get his act into almost every American living room.

In addition to this fact, such an airwave contest would get to first base in American homes only if both performed in framework of a "whodunit," "private eye" or "Western." TV public will never get hot over any program that promotes peace. No violence means a fast tune-out.

Mere hint that Kennedy and Khrushchev would appear on household screens for purpose of disarmament and amity would be enough to drive typical TV fans away. They want sluggings, knockdowns, burp guns and frequent exclamations of "Come out with y hands up," "Throw up a roadblock on Route 35," "Let's go," "Cut 'em off at the canyon," or "Notify Perry Mason at once. The defendant has disappeared."

Fans will go for Khrushchev - Kennedy airwave swap only when they are told cow ponies, stage coaches, detective bureaus, police cars, illegal distillery battles, Sioux Indians, cattle rustlers, town marshals and court scenes get into telecasts at least as background.

Incidentally there must be a promise of some interlude in which an automobile is upset and set on fire. Also assurance that somewhere, between Khrush's threat to bury us and Mr. Kennedy's reply, there will be the whine of highway patrol cars and the screech of wheels turning corners fast. A TV fan wants his shows in the manner to which he has become addicted.

(Yes, current mink, auto and yacht airwave prizes attract and hold audiences. If President Kennedy and Khrushchev ever swap TV shows it might be smart for the President to follow main theme with "The Price is Right" touch. Nikita could try to hold audience through Moscow panel offering troikas, vodka, caviar and Siberian sables.)

NUMEROUS AMERICAN CITIES are up in arms over municipal extravagances in matter of costly cars for burgomasters and other public servants. New York is squawking over fleet of "Caddies" for mayor and staff, costing close to $9,000 each.

Well, a mayor must look his best, and it's hard to do it in a car three years old or so. He can't be exposed to worry over spots on the upholstery, an ashtray full of last year's cigarette butts or a discolored instrument board.

A cigar burn on an arm rest, a windshield wiper that has a slight squeak or a smudge on the mirror may throw a busy executive off form in facing great problems, these days. There are public servants everywhere who can't display 1962 alertness and vigor in a 1960 auto. Let's face it.

Congressman charges that at Ft. Eustis, Va., National Guard troops are short of almost everything and that its two pool tables lack pool balls. (Are we behind Russia in Kelly-pool facilities?)

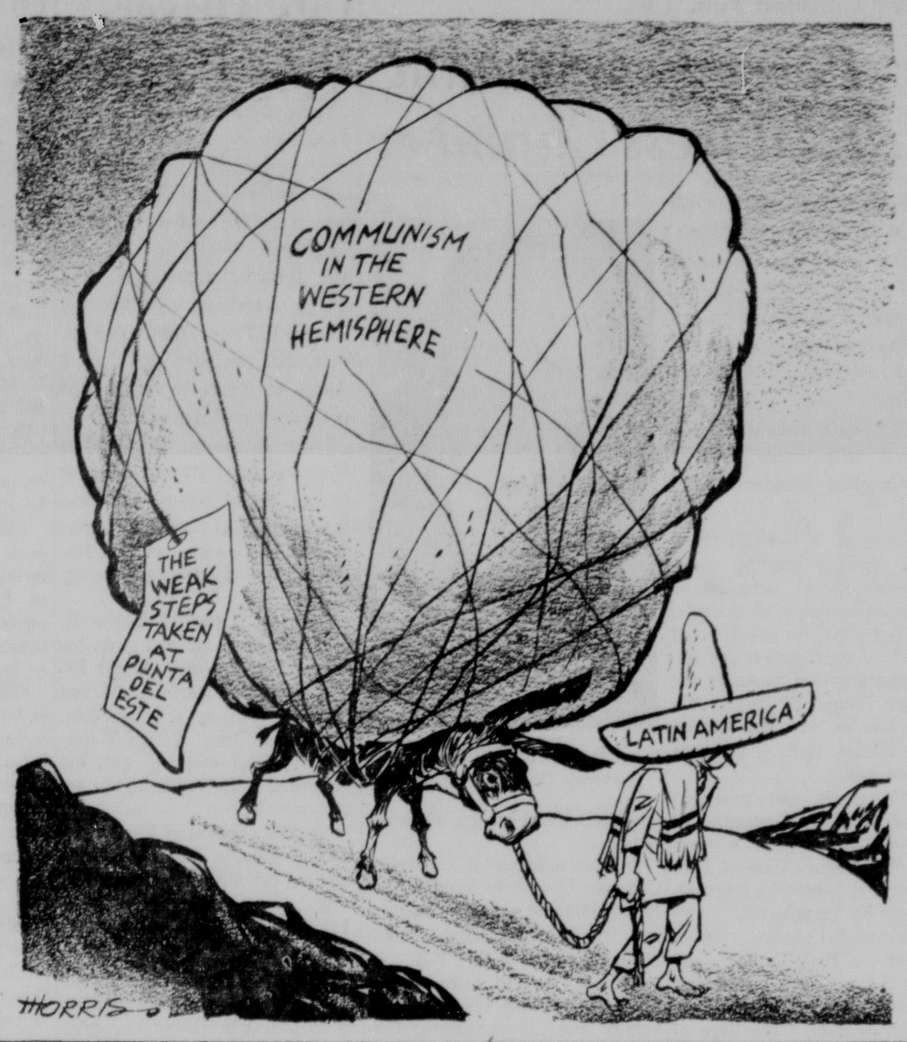
Airwave chief tells Congress, "Nobody ever took a TV audience by force." Don't be silly. Force is the key to getting and holding audience and most scripts are loaded with it.

He adds "You can't make TV fans watch things they don't want to see." Izzat so! Millions turn the dial in hunt for a show they want to see and they frequently hit a program they never desired, but find it something they want to go steady with.

The noisiest insect is the male cicada, sometimes erroneously referred to as the locust. It has twin built-in "loud speakers" on its belly, which blast the air as raucously as any portable radio. The cicada drives its tiny, but powerful, loudspeakers at tweeter frequency with incredibly rapid muscle twitches. At 7,400 pulses per second, its one-note love song emerges as a screech that can be heard across country for a quarter of a mile —the loudest insect noise in nature.

The ibis and the ibex are often confused. The ibis is a wading bird of the Nile, in Egypt, while the ibex is a mountain goat with curving horns, found in Europe, Asia and Africa.

He Has Pretty Well Secured His Burden



March 1 Steel Settlement Eyed

By Victor Riesel

It begins to take a touch of Sherlock Holmes to stay on this beat. From the area surrounded completely by the affable and ample Pierre Salinger, the word is only that President Kennedy served tea, strontium-less milk and cookies at that secret meeting with the leaders of steel labor and the steel industry. But it can be reported that at the end of two hours with John Kennedy during the early evening of Tuesday, Jan. 23, steel union chief Dave McDonald promised he would try to end the crisis before March 1. That is, before it really begins.

Victor Riesel

National steel contracts expire June 30. This means the President was told that there could well be a contract covering half a million steel workers within a month.

Roger Blough, chairman of the board of U.S. Steel, and considered by many to be the spokesman for the industry whose mills are the very guts of America's economic life and military defense, was just as eager to avert the showdown.

WHETHER OR NOT this dramatic time table can be kept depends on the intensities and tempers of many men. But apparently the President and the secretary of labor, Arthur Goldberg, believe there will not be a steel strike.

This is a sensitive moment. The sensitivities of many leaders are involved. There are first a series of steel union meetings in Pittsburgh. There, especially at the Wage Policy Committee (170 strong), Dave McDonald will report on his talks with the President. He will speak behind closed doors of his off-the-record meetings with industry men.

If Dave McDonald convinces his colleagues to move this early, they will pull together their demands. They have had much time to think of them, for they have not met in some two years.

Then, if the stepped - up timetable is approved, there will be an unprecedentedly early parley between labor and industry leaders on Feb. 15. This would give the sprawling steel union and the vest steel industry exactly two weeks in which to firm up a contract. Or a working paper at least. It would be the Appomattox before Fort Sumter.

Trouble is — what will it take to keep both sides on the train without which a timetable is as useful as one ice skate.

THERE IS, of course, a clue to all this in the discussions which have been held these past few days by Dave McDonald, officials of the Kaiser Steel Co. and the traditional voice of the people, Dave Cole, in Palm Beach.

If any recall the great steel war of 1957, they'll recall that Kaiser and the union settled first. They set up a labor management committee. They gave the public —in the persons of such men as Dave Cole — the right to sit in and see if the workers, the management and the public were getting an even break.

These committeemen are closemouthed people these days. But with millions of the citizenry, especially in the steel communities of the land, wondering if a steel strike will kick our prosperity right into the recession end of the cycle, it's worth taking an educated guess.

Dave McDonald, it seems, is interested in freezing his followers into their plants — job security. He wants no further layoffs. Neither does the industry.

But how do you modernize to meet competition from 52 other steel producing nations, how can you put electronic brains into a plant, keep your manpower and still compete with low wage nations?

McDONALD wants more health, welfare, pension and unemployment benefits. Reportedly he will urge his people to yield on wage increases and even the shorter work week.

But there has been talk inside the union of special arrangements —longer vacations, three month to six month sabbatical leaves. One high government source even speculated on some gimmick such as a four-day week once a month. That would clip one day out of 20 — a 5 per cent cut in time at regular pay.

But the steel industry says any increase in costs would be inflationary. The mill owners have not had a price increase in several years — but have increased wages three times since '58. They say they must modernize to live. Otherwise there will be fewer mills and fewer jobs.

There will be much furious talking throughout February, without fury, it is hoped. However, a promise has been made to the President of the United States. This would be a more perfect Union if the promise can be kept and there is no industrial civil war.

Down Through The Years

From The Review Files

THIRTY YEARS AGO — Leroy Rinehart, road contractor, announced his candidacy for the Republican nomination for county commissioner at the May primary election.

Austin H. Brown was reappointed Newell postmaster by President Herbert Hoover.

Harry Deidrick was named superintendent of the Emmanuel Presbyterian Sunday School.

TWENTY YEARS AGO — Three hundred sixty yards of bandages were rolled for mission fields during a meeting of the Always Ready Class of the First Church of the Nazarene in the home of Mrs. Bowder Lane of Erie St.

Miss Jean Arnold, obstetrical supervisor at City Hospital, and Miss Charlotte Morgan, a member of the general nursing staff, who joined the U. S. Army, were honored at a dinner by the professional staff at the hospital.

Miss Gladys DeBolt, high school teacher, screened slides of a recent trip to Alaska for members of the Junior Hi-Y Club.

TEN YEARS AGO — W. E. Brooks of East Liverpool was elected chairman of the Board of Health.

A teen-age boy from Pleasant Heights escaped injury when his auto plunged down a 50-foot embankment after skidding off Lisbon St. near Fisher Park.

Peggy Campbell received a gold bar for 11 years of "faithful" Sunday School attendance at a meeting of the Georgetown Methodist Church congregation.

Odd Facts

California is still the number one goal of American families on the move, according to latest statistics which showed that more than twice as many families are moving to California as to second-place Florida. Following Florida in attracting new householders are New York, Texas, Illionois, Ohio and Pennsylvania. All but California and Florida, however, have more families moving out than moving in, during the past half-year.

The fact that a dog's nose is dry is not an indication that he is sick, as some people suppose. A dog can have a dry, warm nose and be perfectly all right. If, however, the nose is cracked or crusted as well as dry, then it is quite likely that the dog is sick.

The exercising device we know as dumb-bells was originally really a set of "dumb" bells. The first sets of dumb-bells were made by removing the clappers from two church bells and connecting the bells with an iron bar.

The nickname for a nickel is "jitney," while for twenty dollars it is "sawbuck."

Crises On Ice

By David Lawrence

Russia Bides Time On World Trouble

Maybe it's time to look at the Berlin crisis in a different perspective than "sudden war" for there are signs that Nikita Khrushchev has decided to put the problem on ice indefinitely.

David Lawrence

This means there will be no acute stage for the present, and yet no settlement of any of the basic issues either. The controversy may go on for years just as it is. While there is no agreement to disagree, the effect is just the same as if both sides had decided to let sleeping dogs lie.

Such a formula seems to have been adopted in many places around the world by the Soviet Union. It doesn't mean that the Communists have retreated from their demands or objectives or that they cannot be expected to resume at any moment their crisis-making tactics. But it does indicate that the last thing the Kremlin wants is a show of force that will provoke the use of force.

Besides, the Soviets have plenty of places in which to continue their harassments in the cold war. They have put on ice some issues that can be taken out at any minute and warmed up, and they have others that are being cooked up.

A survey of the world scene indicates that the Communists have allowed the Quemoy-Matsu situation in the Far East to freeze but it can be heated up at any moment that it seems opportune for the Communists to start another crisis.

In Geneva, after hundreds of sessions, the conference on the subject of a nuclear-test ban has adjourned for the time being but there is no certainty it will not be resumed whenever the spirit moves the Moscow government or some propaganda advantage to the Communists appears in the offing.

Most people may have forgotten that a negotiation over the return of American prisoners by the Peiping government, which has involved hundreds of meetings at Warsaw between Chinese and United States ambassadors, has been on ice for several years now.

Then there are the protracted talks between the representatives of the U.N. and the Communists in Korea. The armistice agreement of 1953 has never been followed up by a treaty of peace. A state of war exists but no fighting.

THE PALAVER about Laos looks like a marathon affair, too. The Viet Nam area may be the scene of some guerrilla operations which are probably a part of the strategy of keeping the whole question unsettled and a source of anxiety to the West.

The Communists never enter into these stalemates without having achieved a strong military position from which they can resume their offensive.

In East Berlin, for example, by building their wall, they have succeeded in stopping the exodus of East German citizens and they also have struck a body blow at West Berlin's economic situation.

Naturally, the Communists would like to see this form of torture continued indefinitely. It tends to accentuate differences between East and West Germany and to postpone any idea of reunification. This is, of course, a basic aim of the Communists.

So there's no special advantage to the Russians in bringing the Berlin situation to an acute stage when most of their objectives are being attained by indirection. Whether the West should or shouldn't have permitted the wall to be built or now should demand that it be torn down will be debated academically but the truth is the West is in no mood, either, to create any more crises than it has on its hands already.

THE COMMUNISTS have plenty of troubled waters into which they can cast their bait. They are more or less entangled in the Algiers problem and also in various parts of Africa, though at the moment they are not doing so well in the Congo.

Their stooge, Lumumba, was killed and Gizenga, his successor, seems to have lost ground. The African nations themselves are getting a bit suspicious of Russian maneuvers and are becoming a bit more interested in an African counterpart of the "Alliance for Progress."

For the time being, Premier Khrushchev has taken the heart off Finland, as he believes he has gotten what he wanted in the presidential election in that country.

There remains the whole Latin-American problem, which Moscow is watching carefully. It worries Castro somewhat that the Communist government isn't aiding him openly and fighting harder for him in the Latin-American area generally, but he, too, will find that Moscow operates slowly as well as selfishly.

The West isn't altogether dormant. The United States has been articulate at the Inter-American meeting at Punta del Este and may someday mobilize Latin-American countries under an anti-Communist banner. All this takes time and patience.

So, on the whole, the world is for the moment devoid of a war crisis and probably will keep on drifting this way without an acute stage being reached for many months and perhaps years, if at all.

The Russians also have domestic problems and no country anywhere seems to have become imbued with any desire to commit suicide in a nuclear war.

Letters To The Editor

I read in Tuesday's Review that an ordinance was passed to pay back $8,000 to the federal government. Also in the same ordinance $1,000 to pay back income tax refunds.

It has seemed to this writer that in the past an ordinance to be passed was about one subject at a time and not two in the same ordinance.

About this $8,000 to be paid back to the government, I certainly agree with Mr. Murray, and I quote from The Review, "all along the line from 1959 somebody sure goofed".

When this $8,000 is paid back as it has been duly passed to do so, it adds up to $16,000 of the taxpayers' money because the original $8,000 is gone down the drain.

We all know that when something is borrowed it has to be paid back. When you pay back something and cannot show any results with the money. Well as that old saying goes, This is a horse of a different color.

Records can't seem to agree. Mr. Murray said Council was given figures showing $6,000 was spent for stone, but investigation showed $3,500 was allocated. This is very confusing.

I believe Councilman Duffy sure spoke with wisdom when he said "you can't cry to the people for money when you throw it away this way".

I attended the Newell - Stanton Local basketball game Tuesday night.

Two 7-year-old students were asked to give up their seats for two Newell High School students.

Newell said this section was reserved for their student body. Why didn't some one tell us before half time of the varsity game? Why weren't the two seats that were empty (and serving as a coatholder for these same two high school students) good enough for them to sit in? Why wasn't this section marked off "Reserved For Students"? And why did they wait until after the varsity game was almost half over before they asked these youngsters to give up their seats?

They were seated down front so their parents could see them and the game also.

Newell can't say the cheerleaders needed the seats as they had their six required seats (four of which they used once in a while).

I certainly hope these two students enjoyed the game which Stanton Local won. The two children were taken home at once and I know for sure they will never see another game at Newell.

Is this the way all visiting spectatbrs are treated? I know Newell wasn't treated so cruelly at Stanton Local!

Molotov Has Turned Up

V. M. Molotov's reported heart attack is of "no political importance," says the Kremlin.

This idea is repeated in most Russian information about the old Bolshevik who earned top billing on Premier Khrushchev's must-go list.

Molotov is an old man, the idea goes. What he thinks isn't important. He is getting more attention in America than he deserves. He can't do anything. Americans are making mountains out of Russian molehills.

It is as though the Russians were to make a big thing of the opinions of Herbert Hoover and Harry Truman, whose political futures are behind them. It is as though they were to speculate about the significance of sending Chester Bowles into bureaucratic exile and what it is that causes Robert McNamara, secretary of defense, to be the strong man in the Kennedy Cabinet, while there is speculation that the secretary of the interior, Stewart L. Udall, may be a victim of foot-in-mouth disease.

THE RUSSIANS would be within the bounds of reason if they paid close attention to these things — and they do, though not for publication in their restricted press. The way to learn which way the wind is blowing in government is to keep a close check on informed speculation about its figures.

The old Bolshevik Molotov has been as embarrassing to Khrushchev in his refusal to underwrite the Khrushchev regime as Mr. Truman was to the Democrats when he tried to push Adlai Stevenson over the political cliff.

Molotov's opposition to "peaceful co-existence" has been as hard to put up with as Mr. Hoover's refusal to underwrite the radical conservatism of the far-right wing of Republicanism.

TURNINGS and squirmings inside the federal administration tell more about the forces at work in the United States than four years' worth of official declarations.

If the old Bolshevik Molotov has ended up in a hospital with a heart attack after he had been reported on his way to Vienna weeks ago, his affliction could hardly be anything but terminal and his views could hardly be anything but cataclysmic. The old gent must have shaken the Kremlin to its foundations.

Being Prepared

The evergrowing program of the Columbiana Boy Scout Council and its energetic plans extending to 1980 not only amaze detached observers, but often startle some of the Council's leaders.

Bennett Taylor, affable executive of the Council, at a Kiwanis Club meeting Thursday reported the Scouting organization is serving a far greater percentage of youths than the national scale and said the Council hopes to reach six out of every 10 boys of Cub Scout age by 1980.

This is no small order, but with the continued capable guidance of the Council's directors and executives and the loyal service of the Scoutmasters and other adult leaders on the troop and pack level, there is no reason why the Council shouldn't be amazing itself and others for 18 more years.

More Than A Paper Danger

If Americans needed something special to be thankful for, they could be thankful for their tradition that civil authority must be supreme over military authority in their republic.

The severest test ever made of the tradition was the MacArthur incident during President Truman's administration, and to this day many Americans do not understand what caused the issue to be joined between the two men. That was it—the age-old issue of civil vs. military authority. Mr. Truman won. He had to win. Had the lost, the United States would have lost one of its most precious traditions.

The danger of a naked clash between civil and military authority is on display in France, where President DeGaulle is preparing to use the French army to put down an uprising of dissident French militarists. If his government makes peace in Algeria on terms they say they will never accept, the dissidents are expected to start a revolution against DeGaulle, a soldier himself.

Militarists are maintained to make war when war is necessary. They must take their orders from civil authority. Their only area of competence is militarism, unless they strip themselves of military rank and obligations. Only then are they competent to deal in civil affairs.

The showdown issue in France will be the loyalty or lack of loyalty among army officers and troops. If they side with DeGaulle, there can be peace with honor in Algeria. If they side with the military dissidents who would destroy France before they would yield in Algeria, there can be no peace. France will have become a military dictatorship, ruled by one wave of militarists after another, each to be brought down in turn by the violence of the next.

Whatever President DeGaulle has done wrong, he must do this thing right because France can be lost if he fails.

Death-Defying Wallendas

There isn't an adult in this country who hadn't seen or heard about the Wallendas, best known of all the circus acts. The Achinis with their spectacular human cannonball act have had more publicity, but in sustained suspense and skill the Wallendas were unequaled.

Spectators always wondered what would happen if the Wallendas fell while they were balancing themselves in a human pyramid on a wire with no net beneath it. They had fallen once in a public performance years ago, though without injury, because all of them were lucky enough to hang from the wire when their pyramid collapsed.

It finally happened. The Wallendas fell again at Detroit. Two were killed outright. Seven thousand people saw what would happen when the most incredible of all balancing acts failed.

Death was defied once too often. In the great tradition of showmanship the Wallendas have gone on — and from now on no one will question the phrase "death-defying."

The Once Over

Swap of airwave appearances between President Kennedy and Khrushchev may or may not have been killed by time this is printed. Anyhow it could never be a bargain for our side, since comparatively few Russian homes have TV sets, while Nikita would be able to get his act into almost every American living room.

In addition to this fact, such an airwave contest would get to first base in American homes only if both performed in framework of a "whodunit," "private eye" or "Western." TV public will never get hot over any program that promotes peace. No violence means a fast tune-out.

Mere hint that Kennedy and Khrushchev would appear on household screens for purpose of disarmament and amity would be enough to drive typical TV fans away. They want sluggings, knockdowns, burp guns and frequent exclamations of "Come out with y hands up," "Throw up a roadblock on Route 35," "Let's go," "Cut 'em off at the canyon," or "Notify Perry Mason at once. The defendant has disappeared."

Fans will go for Khrushchev - Kennedy airwave swap only when they are told cow ponies, stage coaches, detective bureaus, police cars, illegal distillery battles, Sioux Indians, cattle rustlers, town marshals and court scenes get into telecasts at least as background.

Incidentally there must be a promise of some interlude in which an automobile is upset and set on fire. Also assurance that somewhere, between Khrush's threat to bury us and Mr. Kennedy's reply, there will be the whine of highway patrol cars and the screech of wheels turning corners fast. A TV fan wants his shows in the manner to which he has become addicted.

(Yes, current mink, auto and yacht airwave prizes attract and hold audiences. If President Kennedy and Khrushchev ever swap TV shows it might be smart for the President to follow main theme with "The Price is Right" touch. Nikita could try to hold audience through Moscow panel offering troikas, vodka, caviar and Siberian sables.)

NUMEROUS AMERICAN CITIES are up in arms over municipal extravagances in matter of costly cars for burgomasters and other public servants. New York is squawking over fleet of "Caddies" for mayor and staff, costing close to $9,000 each.

Well, a mayor must look his best, and it's hard to do it in a car three years old or so. He can't be exposed to worry over spots on the upholstery, an ashtray full of last year's cigarette butts or a discolored instrument board.

A cigar burn on an arm rest, a windshield wiper that has a slight squeak or a smudge on the mirror may throw a busy executive off form in facing great problems, these days. There are public servants everywhere who can't display 1962 alertness and vigor in a 1960 auto. Let's face it.

Congressman charges that at Ft. Eustis, Va., National Guard troops are short of almost everything and that its two pool tables lack pool balls. (Are we behind Russia in Kelly-pool facilities?)

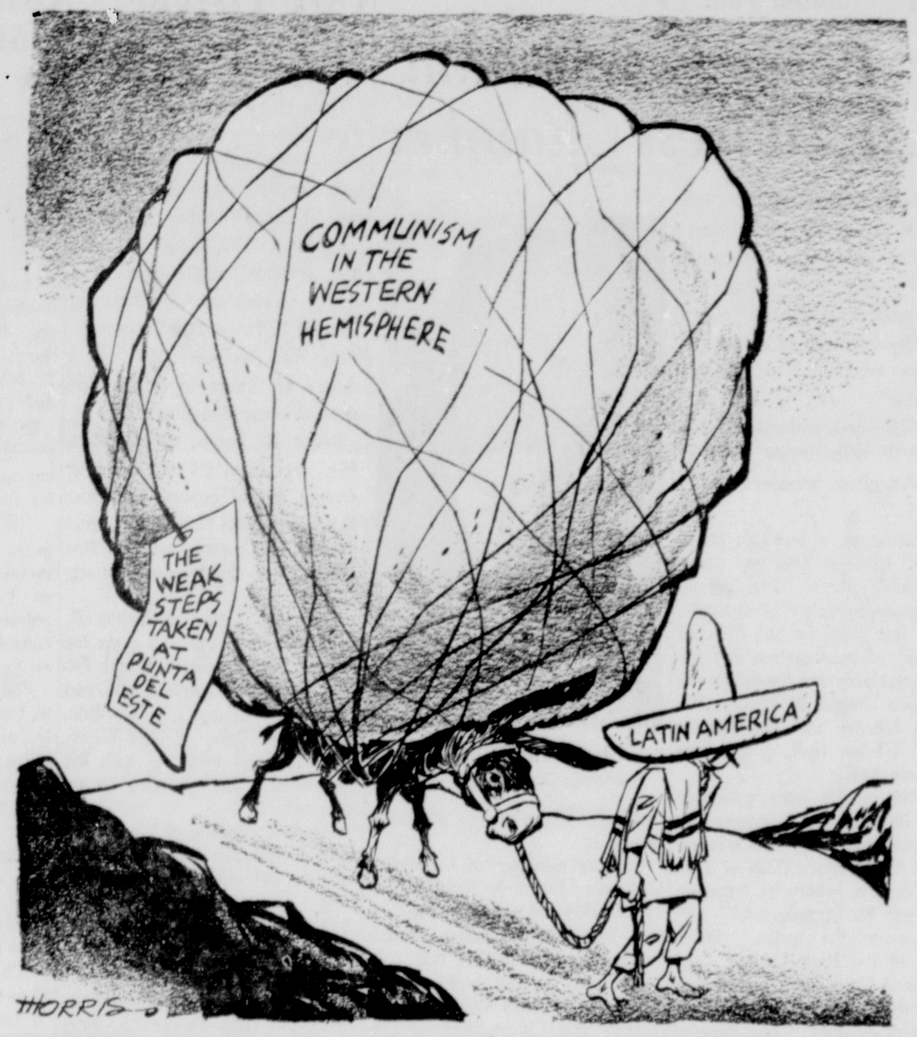
Airwave chief tells Congress, "Nobody ever took a TV audience by force." Don't be silly. Force is the key to getting and holding audience and most scripts are loaded with it.

He adds "You can't make TV fans watch things they don't want to see." Izzat so! Millions turn the dial in hunt for a show they want to see and they frequently hit a program they never desired, but find it something they want to go steady with.

The noisiest insect is the male cicada, sometimes erroneously referred to as the locust. It has twin built-in "loud speakers" on its belly, which blast the air as raucously as any portable radio. The cicada drives its tiny, but powerful, loudspeakers at tweeter frequency with incredibly rapid muscle twitches. At 7,400 pulses per second, its one-note love song emerges as a screech that can be heard across country for a quarter of a mile —the loudest insect noise in nature.

The ibis and the ibex are often confused. The ibis is a wading bird of the Nile, in Egypt, while the ibex is a mountain goat with curving horns, found in Europe, Asia and Africa.

He Has Pretty Well Secured His Burden



March 1 Steel Settlement Eyed

By Victor Riesel

It begins to take a touch of Sherlock Holmes to stay on this beat. From the area surrounded completely by the affable and ample Pierre Salinger, the word is only that President Kennedy served tea, strontium-less milk and cookies at that secret meeting with the leaders of steel labor and the steel industry. But it can be reported that at the end of two hours with John Kennedy during the early evening of Tuesday, Jan. 23, steel union chief Dave McDonald promised he would try to end the crisis before March 1. That is, before it really begins.

Victor Riesel

National steel contracts expire June 30. This means the President was told that there could well be a contract covering half a million steel workers within a month.

Roger Blough, chairman of the board of U.S. Steel, and considered by many to be the spokesman for the industry whose mills are the very guts of America's economic life and military defense, was just as eager to avert the showdown.

WHETHER OR NOT this dramatic time table can be kept depends on the intensities and tempers of many men. But apparently the President and the secretary of labor, Arthur Goldberg, believe there will not be a steel strike.

This is a sensitive moment. The sensitivities of many leaders are involved. There are first a series of steel union meetings in Pittsburgh. There, especially at the Wage Policy Committee (170 strong), Dave McDonald will report on his talks with the President. He will speak behind closed doors of his off-the-record meetings with industry men.

If Dave McDonald convinces his colleagues to move this early, they will pull together their demands. They have had much time to think of them, for they have not met in some two years.

Then, if the stepped - up timetable is approved, there will be an unprecedentedly early parley between labor and industry leaders on Feb. 15. This would give the sprawling steel union and the vest steel industry exactly two weeks in which to firm up a contract. Or a working paper at least. It would be the Appomattox before Fort Sumter.

Trouble is — what will it take to keep both sides on the train without which a timetable is as useful as one ice skate.

THERE IS, of course, a clue to all this in the discussions which have been held these past few days by Dave McDonald, officials of the Kaiser Steel Co. and the traditional voice of the people, Dave Cole, in Palm Beach.

If any recall the great steel war of 1957, they'll recall that Kaiser and the union settled first. They set up a labor management committee. They gave the public —in the persons of such men as Dave Cole — the right to sit in and see if the workers, the management and the public were getting an even break.

These committeemen are close-mouthed people these days. But with millions of the citizenry, especially in the steel communities of the land, wondering if a steel strike will kick our prosperity right into the recession end of the cycle, it's worth taking an educated guess.

Dave McDonald, it seems, is interested in freezing his followers into their plants — job security. He wants no further layoffs. Neither does the industry.

But how do you modernize to meet competition from 52 other steel producing nations, how can you put electronic brains into a plant, keep your manpower and still compete with low wage nations?

McDONALD wants more health, welfare, pension and unemployment benefits. Reportedly he will urge his people to yield on wage increases and even the shorter work week.

But there has been talk inside the union of special arrangements —longer vacations, three month to six month sabbatical leaves. One high government source even speculated on some gimmick such as a four-day week once a month. That would clip one day out of 20 — a 5 per cent cut in time at regular pay.

But the steel industry says any increase in costs would be inflationary. The mill owners have not had a price increase in several years — but have increased wages three times since '58. They say they must modernize to live. Otherwise there will be fewer mills and fewer jobs.

There will be much furious talking throughout February, without fury, it is hoped. However, a promise has been made to the President of the United States. This would be a more perfect Union if the promise can be kept and there is no industrial civil war.

Down Through The Years

From The Review Files

THIRTY YEARS AGO — Leroy Rinehart, road contractor, announced his candidacy for the Republican nomination for county commissioner at the May primary election.

Austin H. Brown was reappointed Newell postmaster by President Herbert Hoover.

Harry Deidrick was named superintendent of the Emmanuel Presbyterian Sunday School.

TWENTY YEARS AGO — Three hundred sixty yards of bandages were rolled for mission fields during a meeting of the Always Ready Class of the First Church of the Nazarene in the home of Mrs. Bowder Lane of Erie St.

Miss Jean Arnold, obstetrical supervisor at City Hospital, and Miss Charlotte Morgan, a member of the general nursing staff, who joined the U. S. Army, were honored at a dinner by the professional staff at the hospital.

Miss Gladys DeBolt, high school teacher, screened slides of a recent trip to Alaska for members of the Junior Hi-Y Club.

TEN YEARS AGO — W. E. Brooks of East Liverpool was elected chairman of the Board of Health.

A teen-age boy from Pleasant Heights escaped injury when his auto plunged down a 50-foot embankment after skidding off Lisbon St. near Fisher Park.

Peggy Campbell received a gold bar for 11 years of "faithful" Sunday School attendance at a meeting of the Georgetown Methodist Church congregation.

Odd Facts

California is still the number one goal of American families on the move, according to latest statistics which showed that more than twice as many families are moving to California as to second-place Florida. Following Florida in attracting new householders are New York, Texas, Illionois, Ohio and Pennsylvania. All but California and Florida, however, have more families moving out than moving in, during the past half-year.

The fact that a dog's nose is dry is not an indication that he is sick, as some people suppose. A dog can have a dry, warm nose and be perfectly all right. If, however, the nose is cracked or crusted as well as dry, then it is quite likely that the dog is sick.

The exercising device we know as dumb-bells was originally really a set of "dumb" bells. The first sets of dumb-bells were made by removing the clappers from two church bells and connecting the bells with an iron bar.

The nickname for a nickel is "jitney," while for twenty dollars it is "sawbuck."

Crises On Ice

By David Lawrence

Russia Bides Time On World Trouble

Maybe it's time to look at the Berlin crisis in a different perspective than "sudden war" for there are signs that Nikita Khrushchev has decided to put the problem on ice indefinitely.

David Lawrence

This means there will be no acute stage for the present, and yet no settlement of any of the basic issues either. The controversy may go on for years just as it is. While there is no agreement to disagree, the effect is just the same as if both sides had decided to let sleeping dogs lie.

Such a formula seems to have been adopted in many places around the world by the Soviet Union. It doesn't mean that the Communists have retreated from their demands or objectives or that they cannot be expected to resume at any moment their crisis-making tactics. But it does indicate that the last thing the Kremlin wants is a show of force that will provoke the use of force.

Besides, the Soviets have plenty of places in which to continue their harassments in the cold war. They have put on ice some issues that can be taken out at any minute and warmed up, and they have others that are being cooked up.

A survey of the world scene indicates that the Communists have allowed the Quemoy-Matsu situation in the Far East to freeze but it can be heated up at any moment that it seems opportune for the Communists to start another crisis.

In Geneva, after hundreds of sessions, the conference on the subject of a nuclear-test ban has adjourned for the time being but there is no certainty it will not be resumed whenever the spirit moves the Moscow government or some propaganda advantage to the Communists appears in the offing.

1961 Report Made

County Farm Aid Shows Increase

LISBON — The 1961 review of activities of the Columbiana County Extension Service shows an increase of projects and participants in the agricultural and home economics departments.

This work includes the Extension Advisory Council, 17 agricultural committees, six committees on community development and public affairs and a number of sub - committees, according to Floyd Lower, county extension agent, who released the state report.

—:—

THE LONG-time objectives includes an educational program to enable farmers and home owners to obtain the knowledge and develop the skills necessary for improved farm income and satisfying farm life.

They also include work with young farm families, promotion of conservation, marketing of farm products, providing marketing information for consumers, leadership development, all phases of the 4-H work, assistance in community development and information on family living for both farm and non-farm families.

To meet increasing production costs, farmers are using improved practices resulting in increased crop yields.

Improved fertility practices, new varieties, chemical weed control and better soil and water management contribute to greater yields.

Activities in which producers engaged included the Soils and Crops Institute, a tour of the Coshocton Experiment Station, a soil test meeting and a ditch dynamiting demonstration.

More soil samples from Columbiana County were tested by the Soils Laboratory at Ohio State University than in any previous year. These determine the lime and fertilizer needs of various crops.

—:—

LIVESTOCK progress has also been made. Tuberculin testing of cattle proceeded so that the county could become accredited July 1. Brucellosis testing proceeded according to the state plan and progress was made in the control of other livestock disease.

More cattle were bred artificially than in any previous year and more dairy herds participated in butter fat testing of individual cows in the Dairy Herd Improvement Association.

County beef cattle breeders made a good start on production testing with seven herds enrolled in the program last year.

Fruit growers improved the quality of fruit marketed and as a result of better growing practices and grading, more apples were marketed co - operatively than in previous years.

THE VOLUME of strawberries marketed through the Salem Fruit Growers Co-operative Association was considerably greater.

About half of the farms in the county have adopted conservation practices in co-operation with the Soil Conservation Service.

Sheep, swine and poultry producers attended various meetings to obtain new information on feeding, management, marketing and other phases. A dipping service was provided sheepmen as in former years. Poultrymen visited farms in Wayne County on a summer tour.

—:—

A HIGH-quality potato crop was produced by county growers last year and with use of test plots the search continues for new varieties for both table stock and chipping. Improved production and marketing practices are being followed.

Due to the growing population, both the forest and nursery businesses are increasing. The extension service assisted a number of nursery and greenhouse operators with various problems. A meeting and tour on lawns and ornamentals for homeowners has been planned for spring.

Development of woodland resources of the county received new impetus through an Agricultural Stabilization and Conservation program.

The Forests and Parks Council is working on the development of woodland and recreational areas as a phase of economic progress in the county.

In the home economics programs, 200 homemakers attended meetings on selection and care of floor coverings to reduce drudgery.

—:—

FORTY ADULT home economics and 4-H leaders learned outdoor cookery, going on to present the same program to 400 other persons in their communities. They also had a booth at the County Fair.

A Family Life Institute was held on "Family Recreation" and they also improved knowledge in clothing and textiles, held tailoring schools and a Christmas-at-Home Tea.

Seven hundred women participated in this phase of the program under the Home Extension Council.

1961 Report Made

County Farm Aid Shows Increase

LISBON — The 1961 review of activities of the Columbiana County Extension Service shows an increase of projects and participants in the agricultural and home economics departments.

This work includes the Extension Advisory Council, 17 agricultural committees, six committees on community development and public affairs and a number of sub - committees, according to Floyd Lower, county extension agent, who released the state report.

—:—

THE LONG-time objectives includes an educational program to enable farmers and home owners to obtain the knowledge and develop the skills necessary for improved farm income and satisfying farm life.

They also include work with young farm families, promotion of conservation, marketing of farm products, providing marketing information for consumers, leadership development, all phases of the 4-H work, assistance in community development and information on family living for both farm and non-farm families.

To meet increasing production costs, farmers are using improved practices resulting in increased crop yields.

Improved fertility practices, new varieties, chemical weed control and better soil and water management contribute to greater yields.

Activities in which producers engaged included the Soils and Crops Institute, a tour of the Coshocton Experiment Station, a soil test meeting and a ditch dynamiting demonstration.

More soil samples from Columbiana County were tested by the Soils Laboratory at Ohio State University than in any previous year. These determine the lime and fertilizer needs of various crops.

—:—

LIVESTOCK progress has also been made. Tuberculin testing of cattle proceeded so that the county could become accredited July 1. Brucellosis testing proceeded according to the state plan and progress was made in the control of other livestock disease.

More cattle were bred artificially than in any previous year and more dairy herds participated in butter fat testing of individual cows in the Dairy Herd Improvement Association.

County beef cattle breeders made a good start on production testing with seven herds enrolled in the program last year.

Fruit growers improved the quality of fruit marketed and as a result of better growing practices and grading, more apples were marketed co - operatively than in previous years.

THE VOLUME of strawberries marketed through the Salem Fruit Growers Co-operative Association was considerably greater.

About half of the farms in the county have adopted conservation practices in co-operation with the Soil Conservation Service.

Sheep, swine and poultry producers attended various meetings to obtain new information on feeding, management, marketing and other phases. A dipping service was provided sheepmen as in former years. Poultrymen visited farms in Wayne County on a summer tour.

—:—

A HIGH-quality potato crop was produced by county growers last year and with use of test plots the search continues for new varieties for both table stock and chipping. Improved production and marketing practices are being followed.

Due to the growing population, both the forest and nursery businesses are increasing. The extension service assisted a number of nursery and greenhouse operators with various problems. A meeting and tour on lawns and ornamentals for homeowners has been planned for spring.

Development of woodland resources of the county received new impetus through an Agricultural Stabilization and Conservation program.

The Forests and Parks Council is working on the development of woodland and recreational areas as a phase of economic progress in the county.

In the home economics programs, 200 homemakers attended meetings on selection and care of floor coverings to reduce drudgery.

—:—

FORTY ADULT home economics and 4-H leaders learned outdoor cookery, going on to present the same program to 400 other persons in their communities. They also had a booth at the County Fair.

A Family Life Institute was held on "Family Recreation" and they also improved knowledge in clothing and textiles, held tailoring schools and a Christmas-at-Home Tea.

Seven hundred women participated in this phase of the program under the Home Extension Council.

"With a nation and a world at stake," he said, "let's roll up our sleeves and get going."

It was Rockefeller, trying for another term as governor this year and perhaps for the White House in 1964, who set off the heaviest blasts at President Kennedy and his administration.

Rockefeller accused Kennedy of political fakery in the way the President handled a proposal to establish a federal department of urban affairs and to install housing administrator Robert C. Weaver as the first Negro in the Cabinet.

Sen. Barry Goldwater of Arizona, a favorite of the conservatives for a shot at the presidency, got in his licks. He contended that leftwingers dominate the New Frontier and that the GOP must "lead the way to fiscal sanity and responsibility."

While he was at it, the senator gigged Kennedy for touching off an upcoming investigation of what the President called excessive stockpiling of emergency materials for defense.

The Republicans, Goldwater said, merely carried out contracts let under the Roosevelt and Truman administrations, so "we welcome an investigation into the bad decisions and poor judgment of the Democratic party." Kennedy, he said, could have voted eight times to cut the stockpiles while serving in Congress but did so only once.

Former Vice President Richard M. Nixon, who dropped a close decision to Kennedy in the 1960 presidential race, was sidelined in the Republican political doings in a couple of ways.

He was supposed to speak in Fresno, Calif., but was put in bed in Los Angeles with a virus infection. Furthermore, it was Eisenhower rather than the 1960 standard bearer to whom the GOP gave feature role for the only full-scale speech of the entire TV program.

Actor George Murphy, filling in for Nixon, and all the rest were allowed no more than four or five minutes apiece.

Eisenhower spoke from Los Angeles, Rockefeller from Des Moines, Goldwater from Cleveland. The 14 other cities had their own speakers, too.

The rallies were staged to pump pep and money into the GOP for the oncoming electioneering. They were dubbed R.S.V.P. affairs: "Republicans Start Victory Program."

Turnouts ranged from a couple of hundred to several thousand, and not all the customers were paying ones. But Los Angeles reported that 93 of the tickets there went for $1,000 each.

Party officials estimated in advance that 30,000 people would attend the dinners and that the financial gross would hit $1.5 million. The Republican National Committee alone is more than $600,000 in the red.

The national chairman, Rep. William E. Miller of New York, presided from Washington as the master of ceremonies for the private TV show.

From the Washington audience came a sprinkling of boos, but more applause, when Rockefeller appeared on the giant TV screen.

The New York governor had discarded a rather mild recital of Republican deeds in his state for a slashing attack on Kennedy and the urban department proposal.

This, Rockefeller said, was an attempt to "gain direct political control over the nation's big cities." The administration, he said, injected a completely unrelated racial issue—the promise to appoint Weaver to the Cabinet—because it is afraid to let the plan for an urban affairs department stand on its own merits.

"What is this but political fakery," he asked, bearing down on his words.

"It is up to us as Republicans to expose the Democrats in this kind of demagoguery and deception as they grasp for centralization of power."

that the property - owners are liable to a sewage charge because their homes are connected to the municipal sewer system.

"Our contention is that they're in the city sewer system; anyone connected with the sewer system is required to pay the charge," he said.

The petition was filed by Atty. John E. Bauknecht of East Palestine. The sewage service charge mentioned in the petition was imposed by the city July 1, 1956, to raise money to retire bonds issued for construction of the sewage treatment plant and the system of trunk lines that carries waste to the plant.

The petition alleges that Council adopted an ordinance May 7, 1956, establishing the sewer rates, based on water consumption. The plaintiffs allege that the lines which serve their homes were in existence long before enactment of the sewage charge ordinance.

However, they allege they have been forced to pay the quarterly sewer charges because the city will turn off their water service if they refuse. The petition alleges that the city's action has been "arbitrary, discriminatory and capricious." The petition adds that the total amount paid by the property - owners is not known definitely, but it is estimated at $20,000.

The plaintiffs are: Earl F. Fuller, Roy R. Black, Ruby Leak, John and Sylvia Leak, Virgil and Winifred Boso, Glen and Sarah Horger, Ralph and Betty Wood, Virgil and Wilma Williams, Norman and May Scott, Benjamin F. Timmons, Raymond V. Boyd, Benito and Catherine Padilla.

W. Harlod and Una Kelly, Max and Ethel Stone, R. D. Humphrey, J. Lee Webber, W. W. and Lillian Kernaich, Mildred Muschweck, Andrew Dixon, Thomas Wolfe, Dale McKinney, Thomas Webber, Robert F. Staley, Mary A. Horger.

Kenneth and Julia Kennedy, Ralph and Olive Rogers, George E. Sillence, Clarence and Edna Reagle, Glenn Carpenter, Kenneth Talbott, Todd Dawson, Clarence A. Smith, Mrs. Doris Siderich, Billy D. Walls, Donald Owens, Curtis E. Joy and Mrs. David Robbins.

Administration of the sewage system has changed since the plant went into operation. An ordinance enacted by Council last fall transferred the responsibility to the Board of Public Utilities from the safety-service director's office, effective Nov. 1.

The utilities board has operated the water system since the early 1950's. Prior to that time, the water system was the director's responsibility. The action last fall placed both of the publicly-owned utilities under jurisdiction of the unsalaried board.

Although the sewage service charge was applied in 1956, the treatment plant did not go into operation until the administration of Mayor Fred P. Lawrence in 1958-59. The sewage charges collected prior to that time were used to pay off some of the construction costs — cutting the size of the bond issue required later — and build up a reserve fund for the system.

The situation that led to the court action was threshed over with Council and the administration several times in recent years. The residents were advised that the rate ordinance as it stands now requires them to pay the sewage charge.

The basic question is not whether the waste flows through the treatment plant, but whether or not a home is linked to the city sewage system, they were told.

3 Killed, 4 Hurt In Road Mishaps

CHARLESTON, W. Va. (AP) — Two highway accidents within a few miles and a few minutes of each other east of here today killed three persons and injured four others.

A tractor-trailer collided with an automobile on U. S. 60 near Campbell's Creek, killing two and injuring three. A two-car collision near Marmet was fatal to one driver and results in injury to the other. Both mishaps occurred on ice-slickened bridges.

Sewage Plan Will Be Aired

LISBON — County commissioners Thursday scheduled a public meeting for Thursday, Feb. 15, at 8 p. m. in East Palestine City Hall to discuss alternative plans for providing sewage service in the Rogers Addition, just outside East Palestine.

The conference will bring together the commissioners, County Sanitarian Harry Stockdale, East Palestine's mayor, Council and Health Department and homeowners in the affected area.

The principal question will be whether the residents should set up their own sewage system or seek a hookup with East Palestine's municipal lines and plant.

At present, 19 homes in the area are served by a single septic tank, but it is not functioning properly and raw sewage is running into a nearby stream, officials said. A property - owner who alleges the sewage runs over his land has filed suit against the commissioners to abate the nuisance.

The cost of a sewage treatment plant for the area has been estimated at $25,000. Other items would include trunk lines, laterals to serve the homes and maintenance. If the area later is annexed to East Palestine, the private system could not be utilized further, officials said.

Stockdale said that the property-owners in the area will have to foot the bill for the service, whichever way it is handled.

In other business, the commissioners granted $32.50 from the dog license fund to the city of East Liverpool, representing 50 cents for each of 65 dogs destroyed during January.

Next meeting is Monday from 10 a. m. to 4 p. m.

Society Of Madison Church Will Convene

The Women's Missionary Society of the Madison congregation of the Beaver Valley United Presbyterian Larger Parish will meet Thursday at 7:30 p. m. at the home of Mrs. William Talbott of Millport.

Mrs. Albin Ronshak will be the leader, using the topic, "United Presbyterian Mission Work In the Philippines."

He has a son, David Fisher, an engineer with General Motors in Columbus, and a daughter, Mrs. Richard Stephens of Springfield. He was married recently to the former Mary Graham of East Liverpool and they reside at 1020 Ridge Ave.

Making his initial bid in politics, Porter is the first GOP candidate to seek nomination for the House. Miss Callie Tsapis of Weirton, the incumbent, filed earlier on the Democratic ticket.

Porter has been employed at the Weirton Steel Co. over 35 years and is foreman in the car repair shop. He is a member of the company's Speakers' Bureau.

Porter is a member of Weirton Heights Memorial Baptist Church and the Masonic Lodge. His wife, Mrs. Mabel Porter, is a mathematics teacher at Weir High School. They have two sons.

The field now includes nine Democrats and three Republicans. Three candidates seek non-partisan seats on the county Board of Education.

As of today, the Republicans still lacked a candidate to oppose Donald G. Stewart, incumbent county clerk, a Democrat.

CLEVELAND (AP)—Police say two former Chicagoans have admitted committing 152 housebreakings and larcenies in Cleveland and 10 in East Cleveland since last August.

Held for investigation are Harry L. Lake, 29, and Gilbert Cole Jr., 26, who, police said, stole cash and household goods worth between $18,000 and $20,000.

proved bill by a 62-34 vote yesterday wrapped it up officially.

The $9.5-million measure will keep in force for another fiscal year, through June 30, 1963, the increase from 2 to 3 per cent in the tax rate on sales over $1 which was first voted a year ago. The increase had been scheduled to die June 30 this year.

Up for adoption in the Senate today, with a two-thirds vote required, was a proposal for a constitutional referendum in the November election this year on letting sheriffs serve two successive terms. They are now barred from succeeding themselves.

With 16 votes to spare above two-thirds, the House yesterday adopted its own slightly different version of the sheriffs' succession resolution.

Awaiting a House passage vote today was a Senate-approved bill to extend for another fiscal year a one-year increase voted a year ago in the tax on pari - mutuel betting at horse tracks.

As to tracks where thoroughbred racing is conducted Charles Town, Shenandoah Downs and Waterford Park, the bill simply would continue the increase from 5 to 6 per cent in force through June 30, 1963.

But the Senate-passed bill contains special tax relief provisions for the state's only harness-racing track, Wheeling Downs, which says it lost $185,000 last year.

The House Finance Committee has drafted a different version of tax relief for Wheeling Downs. The House was expected to write this version into the Senate-passed bill today, then pass it and send it back to the Senate. This may mean another conference committee in the closing days of the Legislature's 30-day session.

The constitutional adjournment deadline is midnight next Thursday. With time running out, both houses plan Saturday sessions this week. In the House it probably will be devoted to action on the budget.

House Finance expected to send to the floor today its version of the state budget for the next fiscal year. Senate Finance plans to bring out its bill Monday.

College Freshman Cites Weight Trouble

A college freshman thinks her overweight condition is ruining her chances to lead a happy life. She writes:

Ida Jean Kain

"I have just read my own story in your column . . . a girl 17 who had gained 20 excess pounds. In the same way as this girl, I have gradually gained to 145 pounds.

"I am a freshman in college. I could have such a happy, full life, but instead I sit around . .no dates. Time and time again I have tried dieting. I know how to diet the best way, but I have failed over and over and over again. Those horrible excess pounds hang over me like a black cloud.

"Unfortunately I gain from the slightest thing. I have a thyroid deficiency, which is part of the cause.

—:—

I HAVE PRAYED with all my might for God to help me with this problem and He has, but I haven't met Him half way. I exercise daily, which helps. You know a great deal about people and weight problems.

"I am placing my unhappy self in your hands in hopes you can help me as you did the other girl who is now her attractive self."

Let's forget about the weight angle for the moment and talk about college. While part of the problem with dates may be weight, it certainly isn't all of it. There is a whole new population to get acquainted with. . .set out to do it.

Could you forget about your preoccupation with dates and weight for a while and get into activities? Now is the time to do an about face, get on another track on your weight will go up. I won't argue about the weight, because you shoud lose, but it isn't that much of a problem.

Regarding the thyroid deficiency, why not see the doctor and find out if some type of therapy is indicated? Recognize, however, that it is not uncommon for freshmen to gain 20 extra pounds! Also, fat or thin, getting dates is not always easy in the beginning.

In short, you cannot blame everything on weight. Recognize that this can be a kind of a projection of other difficulties. Are you disappointed in your college classes? Talk this over with a counselor.

—:—

GOD HELPS those who help themselves. Prayers are answered in a way that strengthens us. We cannot sit with folded hands and expect the answers to drop into our laps. Read "I Prayed Myself Slim" by Debbie Pierce. (Citadel Press, Inc.)

You are saying "If I could lose weight I could live a full happy life." Turn this around. Enter into activities and you will get opportunities to give your selfconfidence a boost. Start living a full life and you'll lose the excess weight.

Send a stamped, self-addressed long envelope for "Choose To Lose Diet." Address your request to Ida Jean Kain, in care of The Review. Postcard requests cannot be answered.

"I am placing my unhappy self in your hands in hopes you can help me as you did the other girl who is now her attractive self."

Let's forget about the weight angle for the moment and talk about college. While part of the problem with dates may be weight, it certainly isn't all of it. There is a whole new population to get acquainted with. . .set out to do it.

Could you forget about your preoccupation with dates and weight for a while and get into activities? Now is the time to do an about face, get on another track on your weight will go up. I won't argue about the weight, because you shoud lose, but it isn't that much of a problem.

Regarding the thyroid deficiency, why not see the doctor and find out if some type of therapy is indicated? Recognize, however, that it is not uncommon for freshmen to gain 20 extra pounds! Also, fat or thin, getting dates is not always easy in the beginning.

In short, you cannot blame everything on weight. Recognize that this can be a kind of a projection of other difficulties. Are you disappointed in your college classes? Talk this over with a counselor.

Guests introduced were the Rev. Kenneth Steen, superintendent of the Community Rescue Mission, and his wife, and Mrs. Ryan and Mrs. Tobin.

Mrs. Harold Allison was dinner chairman, assisted by the group leaders, Mrs. Leonard Gamble, Mrs. Kenneth Johnson, Mrs. Robert Brewster, Mrs. Earl Cain and Mrs. Curtis Garner, along with representatives of each group.

At Cleveland GOP Rally

Goldwater Raps Radical Leftists In Government

CLEVELAND (AP)—Sen. Barry M. Goldwater says Republicans are concerned "about radical leftists who have infested the government of our country and are now in a position to advise the President of the United States."

The Arizona senator, a champion of the conservatives, also told a Republican Party rally attended by 8,000 here Thursday night: "The phoniness of socialism is no longer creeping. It is here. It is in the wagon of the New Frontier."

He called for a Republican victory in the 1962 congressional elections and said:

"Once we can decide in a broad general way what we believe in and tell it to the American people, I think we can start winning elections again . . ."

Goldwater commented on President Kennedy's call this week for a Senate investigation of the size of stockpiled strategic materials and indicated his belief of a possible campaign issue.

"I'm anxiously waiting for the investigation to start," Goldwater remarked, "because the Democats have finally admitted they pulled a boo-boo.

"The program of stockpiling was started by President Roosevelt and furthered by Harry truman and had reached $8 billion in 1958. Seventy-five items were stockpiled by Democrats."

He said Republicans under former President Eisenhower "added only three or four of great necessity."

Goldwater called Kennedy's desire for an investigation an amazing political development, saying it appeared there was "an opposition President anxious to defeat himself, anxious to defeat his party."

Goldwater, chairman of the GOP senatorial committee, contended the American people are "ready for a change and are looking to the Republicans to give them that change."

Comparing the two parties, Goldwater said:

"The Democrats have no faith in America. They want to experiment with ideas that have ruined and destroyed every self-governing government in the history of the world.

"Republicans believe Americans, left to their own devices, can do more and go farther. If government would get off the back of business and stop poking their fingers in the eye of business, (then) business in this country could grow at a rate faster than anyone ever dreamed of."

Republicans must make up their minds they are going to win, Goldwater declared, and then, when they have won, should as leaders of the nation tell the world:

"The Communists are not going to destroy us, they are not going to bury us, and our children are not going to live under socialism. We are going to win over Communism."

Goldwater expressed a belief the battle can be won over communism "without ever firing a shot or dropping a bomb."

"If the American people are allowed to live the kind of lives we are supposed to live, we can become such a beacon in this world that all people will want our way of life and we will not have to force it down their throats as communism has to do."

CINCINNATI (AP) — Cincinnati police say Friday may be unlucky, if traffic statistics are accurate. The department reported Thursday 10 of 44 city traffic deaths last year occurred on Friday, while Monday had the fewest traffic fatalities—two.

Council Head Resigns Post At Ohioville

Lester Chaffee resigned as president of the Ohioville Borough Council at a meeting Thursday night at the fire station, and was replaced by George Daniels Jr. of Fairview.

Chaffee did not explain his move at the meeting, but his family said today he resigned "for personal reasons." Chaffee, employe of Crucible Steel Co., will continue as a councilman.

Daniels resigned from the borough water authority to become president because the two positions are incompatible under law.

Anthony Perrotto was elected vice president, a position which had not yet been filled by the new Council.

The Council, which set regular meetings for the first Thursday of each month, also re-enacted four ordinances previously approved under the township government.

Dan Baker, borough engineer, was authorized to study district needs for street lights and report at the meeting March 1.

Mrs. Earl Carroll, secretary, was authorized to accept bids for slag for roads. She still is receiving written applications for special policemen. The deadline is March 1.

'Moonlight' Electrical Contractors Warned

The electricians' local in East Liverpool has asked the help of the International Brotherhood of Operative Potters in curbing the practice of some IBOP members doing electrical construction work, the pottery workers' union announced today.

The complaint came from Charles K. Coleman, business representative of Local 93, International Brotherhood of Electrical Workers. He said the part-time work of the potters "has become a serious situation and has resulted in the loss of job opportunities for members of the electrical workers," the IBOP said.

The Brotherhood declared it does not condone "moonlighting" by any of its members in the electrical field. It added: "We ask in all fair decency that those guilty of this infraction of true democratic trade union principle refrain from further activity."

2 Union Official Wait Youngstown Meeting

Frank Dales and Clyde Jones, international vice presidents, will represent the International Brotherhood of Operative Potters at a seminar on state programs and financing Tuesday at Youngstown University.

Gov. Michael V. DiSalle, who extended the invitations, will address the opening session. It is one of a series of regional meetings being held throughout the state concerning Ohio's financial condition and the problems and opportunities that lie ahead, the governor said.

At Fund-Raising Dinner

Morton Says That GOP Must Weigh Weaknesses

COLUMBUS, Ohio (AP) — Republicans must examine and weigh their weaknesses, Sen. Thruston B. Morton, R-Ky., said here Thursday night at a $100-a-plate GOP fund raising dinner which attracted about 1,000.

"We are allowing the issues to be twisted and we are being outmaneuvered," the former chairman of the Republican National Committee declared.

Morton said Democrats are doing "a terrific propaganda campaign" on three major issues facing the nation—additional medical aid for the aged, a bond issue for the United Nations and formation of a proposed Department of Urban Development.

"They say if you are against the Kennedy plan (for medical aid for the aged) tied to Social Security you are against medical care for the aged," he asserted. "Nothing is farther from the truth."

On the proposed bond to help finance the action of the United Nations, Morton said Democrats imply that if "you are against the bond issue, you are against the United Nations."

He asked, "Why do we want to start the U. N. on this primrose path of deficit financing?"

On the Urban Affairs Department, Morton said Democrats say that if "you are against the department, you are against civil rights.

"I think we have to get smart ourselves. We have to be political realists. We are playing with political realists."

The Kentuckian also called on Ohio Republicans to help the GOP gain control of the U.S. Senate. He conceded, however, that Democratic Sen. Frank J. Lausche will be a hard man to beat in the November battle for his Senate seat. But he added, a qualified Republican can do the job.

At a news conference prior to the dinner, Morton said former Sen. John Bricker could defeat Sen. Stephen M. Young any day of the week. Young ousted Bricker from the Senate in 1958 and the seat will be up for grabs again in 1964.

Bricker, present at the conference, later told The Associated Press:

"Don't be surprised if I'm a candidate."

The rally was one of several Republican gatherings throughout the nation.

A book, "The History of the Grange," now is available. Those interested in purchasing copies were asked to contact the secretary, Mrs. Elinor Searight.

A public card party will be held Feb. 10 at 8:30 p.m. at the Grange Hall.

Charles Laughlin, lecturer, was in charge of the program which included a game with Mrs. Lawrence Searight, Mrs. Bernard Glenn and Charles Hartzell as winners. Valentines were presented each officer.

Lunch was served by Marilyn Soisson, Kenneth Soisson, Sue Wells and Nancy Moore.

Three East Liverpool youths, two 16 and one 17, were sentenced to the Boys Industrial School Thursday by Juvenile Judge Louis Tobin for 22 burglaries and thefts in East Liverpool in 1961.

On the Urban Affairs Department, Morton said Democrats say that if "you are against the department, you are against civil rights.

"I think we have to get smart ourselves. We have to be political realists. We are playing with political realists."

The Kentuckian also called on Ohio Republicans to help the GOP gain control of the U.S. Senate. He conceded, however, that Democratic Sen. Frank J. Lausche will be a hard man to beat in the November battle for his Senate seat. But he added, a qualified Republican can do the job.

At a news conference prior to the dinner, Morton said former Sen. John Bricker could defeat Sen. Stephen M. Young any day of the week. Young ousted Bricker from the Senate in 1958 and the seat will be up for grabs again in 1964.

Bricker, present at the conference, later told The Associated Press:

"Don't be surprised if I'm a candidate."

The rally was one of several Republican gatherings throughout the nation.

May Have Gone Too Far

Farm Circles In Capital Speculating On Program

WASHINGTON (AP)—Farm circles here are speculating on the possibility that the Kennedy administration may have gone too far—from the standpoint of winning congressional approval—in its new farm program proposal to end price supports if farmers reject higher controls.

It is being suggested the administration would have been better advised had it stood by the present law which directs that supports, except for tobacco, be put at 50 per cent of the parity price goal of farm programs if marketing quotas are voted down at a producer referendum.

The new plan would have the effect of withdrawing virtually all government help for stabilizing prices if farmers were unwilling to cut production below recent levels. It would apply in the beginning to wheat, corn, oats, barley and sorghum grain.

WASHINGTON (AP) — Agriculture Department surveys indicate infestations of grasshoppers and Mormon crickets in western and midwestern states may be heavier this year than last.

Grasshoppers were found on nearly 13.5 million acres of rangeland in 15 states during federal-state surveys conducted last fall. Mormon crickets were found on nearly 98,000 rangeland acres in six states.

Both these insect pests destroy crops.

WASHINGTON (AP)—The Agriculture Department reports supplies of vegetables for fresh markets probably will be somewhat smaller this winter than last.

Recent reports were said to indicate 3 per cent less production than last winter. Production may be reduced further by subsequent weather damage to vegetables in California and Florida and heavy destruction of Texas crops.

WASHINGTON (AP)—Final reports show production of red meat in 1961 was up 1 per cent from 1960, totaling 27.4 billion pounds.

The 1961 volume included 14.9 billion pounds of beef, up 4 per cent from previous years; 958 million pounds of veal, down 7 per cent, 10.7 billion pounds of pork, down 1 per cent, and 814 million pounds of lamb and mutton, up 8 per cent.

Lard production at 2.4 billion pounds was up 1 per cent.

Life Membership Recipient Selected By Jefferson PTA

Mrs. Clarence Nease was selected for a life membership at the meeting of the Jefferson Parent-Teacher Association Wednesday night at the Newell school.

Mrs. Nease was chosen from 11 candidates for the annual award inaugurated last year. Principal Ernest John was the first winner.

George Vukas, president, announced the PTA now has 102 members. He also reported on the County Council meeting.

A letter was read from Mrs. James Waggle, kindergarten teacher, thanking the organization for its donation for supplies.

Devotions were led by Mrs. Leonard Copestick, who read Matt. 19:13-24 for the Scripture. The Lord's prayer was said in unison.

The attendance banner was won for the third consecutive time by Miss Mary Highfield's fourth grade.

The next meeting will be Feb. 28 — Founder's Day — when Mrs. Herman Bartlett will speak.

Melvin Whittington, cubmaster of Pack 10 sponsored by the PTA, was in charge of the program.

Don Ramsey, organization and extension chairman of the Cherokee Boy Scout District, spoke and announced Harry Edmond will serve as the pack's institutional representative.

Ramsey also presented the pack's charter to Vukas. Bruce Wheatley, assistant cubmaster, was introduced.

Den mothers and assistants receiving badges were Mrs. George Gogol, Mrs. Edwin Carson, Mrs. Glenn Mercer, Mrs. Robert Carnahan, Mrs. Whititngton, Mrs. Jack Anderson, Mrs. Everett Moore, Mrs. Maywood Kaser, Mrs. Thurman Wilson and Mrs. Ralph Booher.

Den 4 presented a skit, "Knights of Yore," after which David Jividen and Terry Mooney were knighted by Whittington.

Wolf badges were presented Merle Hardy Jr., Joe Cameron, Michael Rice and Larry Wilkinson. Bear badges were awarded John Durham and Thurman Wilson.

Gold arrows were given Danny Filo, David Baker, James Moore, Jack Carson, Richard Young and John Franczek. Silver arrows to the bear badge went to Filo, Jerry Anderson and Franczek.

Wilson was given a one-year service pin and Durham a pin for two years.

Den 5 was in charge of the opening and closing.

A centerpiece of daffodils, baby orchid iris and heather flanked by yellow tapers in candelabra highlighted the decorations. Refreshments were served by Mrs. Donald Thornberry, Mrs. Paul Mosher, Mrs. Warren Brown, Mrs. Lloyd Nalley, Mrs. Arthur DeLong and Mrs. James Allison.

Groundhogs See Shadows; 6 More Weeks Of Winter?

QUARRYVILLE, Pa. (AP)—Two groundhogs, considered the official legendary weather prophets, emerged from their holes today and saw their shadows, signifying six more weeks of winter.

Rubbing a long winter's hibernation from his eyes, Punxsutawney Phil was the first to emerge in Punxsutawney. At 7:29 a.m., he shuffled dutifuly from his snuggery, squinted and spied his shadow decorating frozen Gobbler's Knob. He scampered back to his cozy burrow.

The Quarryville groundhog saw its shadow at 7:51½ a.m., according to Robert W. Herr, chairman of the Slumbering Lodge of Groundhogs here.

Herr said Dr. Carl Metzger, keeper of the field, was on watch on Crow Foot at the time the groundhog emerged, saw his shadow reflected on the snow and went back into his hole.

Attired in tall hats and long white night shirts, the members of the two groundhog clubs started out before dawn for the woods and valleys seeking out the legendary weather prophet.

They carried divining rods and other gadgets, part of their annual Feb. 2 caper.

Virus, Weather Close All Schools In Scioto

PORTSMOUTH, Ohio (AP)—A combination of bad weather and a virus infection has resulted in the closing of all Scioto County public schools.

More than two-thirds of the schools had been shut down earlier in the week because of mounting absenteeism. Thursday's snow storm finished giving the 12,000 county public school students the week off.

All Portsmouth city and parochial schools continued to operate and most schools will be open again Monday, school officials said.

The average life of refrigerators and gas or electric ranges in the American home is about 16 years.

Trusty Admits Slipping Off To File Jobless Pay

PAINESVILLE, Ohio (AP) — A trusty at Lake County Jail has admitted he slipped away four times last month to file for unemployment checks at the nearby Bureau of Unemployment Compensation.

The trusty, Warren Lilly, 50, of Perry, was charged Thursday with fraudlently claiming benefits to which he was not entitled. An affidavit by Donald L. Schindler, a BUC claims investigator, was filed in Painesville Municipal Court.

Charles Hagerty, chief BUC inspector, said Lilly signed applications on which he said he lived at home and available and actively seeking work.

Sheriff Edwin H. Cunningham said Lilley must have slipped away while doing chores in the sheriff's department garage and around the jail premises.

Lilley was sentenced to six months in the county jail last November for contributing to the delinquency of a minor.

Cunningham said he told Lilly then he was not eligible for unemployment compensation when Lilly asked him.

Bliss Warns GOP Kickoff Rally Of Over-Confidence

CLEVELAND (AP) — Ohio Republican Chairman Ray C. Bliss warned a GOP kickoff rally Thursday night of overconfidence in the party's approach to the 1962 election because of success in Ohio in 1960 and 1961.

"I'm distressed so many Republican voters think there is nothing to the 1962 election in this state," he said. "Their confidence is greatly overbuilt."

He pointed out several factors he said indicated the Democratic Party is hard at work in Ohio.

The Kennedys are playing politics in this state up to their necks," Bliss said. "They haven't got over their 1960 loss."

Organized labor's political arm is "spending money the likes of which I have never seen in my years in politics" to accomplish a 1962 victory for the Democrats, he said.

Bliss said he thought Gov. Michael V. DiSalle is "dedicated to winning" and will get help of DiSalle's state administration employes.

Bliss spoke just before Barry Goldwater, the Arizona senator who got top billing at the fund-raising rally, one of a score throughout the country.

It's Counterfeit— And Also Confederate

AUGUSTA, Ga. (AP) — Donald Fore, 17, has a printing plate for $1,000 bills—only it's for Confederate $1,000 bills, and it's for counterfeit Confederate $1,000 bills, at that, a museum official said.

Donald said he found the plate recently in a pig pen.

ANSWERS YOUR PROBLEMS

Dear Ann: I was a lonely widow for 10 years. Then I met a bachelor who said he was 48. Oswald is completely bald, very conceited and hard of hearing. But like I said, I was lonely.

In October 1960 he lost his job. It was either lend him rent money or invite him to move into my home. I decided to let him move in since he was having all of his meals here anyway and I was doing his laundry.

When a year went by and he made no attempt to find a job I told him to leave. The next day he came down with a cold and he's been in bed ever since. I've been bringing his meals on a tray and waiting on him for seven weeks.

My cleaning lady told me yesterday that when I'm not around he gets out of bed, turns on the radio and does the twist. The doctor says there's nothing wrong with him. What can I do?—E.W.O.

-:-

Dear E.W.O.: There may be nothing wrong with HIM but there's something wrong with YOU.

Give the parasite 10 days to find another place to live even if you have to hand him a month's room rent. Tell him if he doesn't move under his own steam you'll enlist the aid of the law. Then do it.

Soft In The Head

Dear Ann: My husband is soft-spoken and gentle. Ed never raises his voice. I do all the yelling around here.

The problem centers around our 8-year-old, Sue. When I ask her to do something she just sits there. Ed invariably jumps to her defense, making excuses such as "she's busy watching TV" or "she's reading. Wait till later."

Sue pretends she doesn't hear me and Ed hides behind his newspaper. Sue's teacher has asked if she has emotional problems at home. The child doesn't do well in school, although she is very bright.

Ed says I yell at her too much. I know he's right but I think he's partly to blame, too. Please help us. — F.D.

-:-

Dear F. D.: That "soft-spoken, gentle man" is waging a cold war against you — and Sue is the battlefield.

You can help matters by resolving not to chew at Sue for petty things. But once you ask her to do something, insist that she do it. Ed can help by giving you the proper support instead of countermanding your orders.

Poor Combination

Dear Ann: Sheldon and I have been going together for two years. He wants to get married in March because his company is having its national convention at that time. He figures it would be fun to combine our honeymoon with the convention.

Last year the company held its convention in this city and it was four days of early breakfast meetings and all-night drunken brawls. I was so exhausted when the convention ended I stayed in bed for two days. I don't know how the men stood it.

Do you think I should insist on having my way and set a different wedding date? — KIKI.

-:-

Dear Kiki: It's up to the bride to set the wedding date. If you don't wish to combine your honeymoon with your fiance's convention, nix the idea. And I wouldn't blame you.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Motions Ask New Trial In Funds Case

CLEVELAND (AP) — Two motions have been filed in common pleas court seeking a new trial of the Society for Savings case. The motions could block distribution of more than $30 million to 300,000 depositors.

Distribution was to begin on or before May 30 in accordance with a decision by Common Pleas Court Judge Daniel H. Wasserman, who ruled after a three-year court case.

One motion was filed Thursday by the Cleveland Trust Co. and attorney Howard L. Barkdull as executors of the estate of the late Mrs. Frederika Bailey Ferris and in behalf "of all other depositors or former depositors" of Society.

The second motion was filed in behalf of Mrs. Beatrice Harmon and contends the decree by Judge Wasserman was not sustained by enough evidence and that there were errors of law during the lengthy trial.

Informed of the motions, Mervin B. France, president of Society, said:

"It would be most unfortunate if actions by attorneys acting in the name of less than a dozen people should further delay distribution of ownership rights to more than 300,000 people as ordered by the court."

Judge Wasserman declared on Dec. 22 that the unification of Society National Bank out of the mutually-owned Society for Savings was legal. He ordered the more than 300,000 depositors of the old Society for Savings be given what amounts to a 15 per cent dividend on deposits as of Dec. 31, 1958.

Railroads Assured Of U.S. Assistance

CLEVELAND (AP) — Clarence D. Martin Jr., undersecretary of commerce for transportation, said railroads can expect government help but they must take the initiative in improving their conditions.

"Because 1962 is expected to be a good business year, now is the time for railroads to put the house in order and to use the sunny day to fix the roof," he said.

Martin spoke at the 48th annual Traffic Club dinner attended by 1,000 transportation leaders from throughout the country.

He suggested industry improvement by joint railroad action might include national rolling stock pools with larger, stronger roads and underwriting the financing of such equipment to be used in part by weaker roads on reasonable terms.

Have Wife Check Income Tax Return, IRS Advises

NEW YORK (AP)—A couple of drinks, an entertaining mystery story—and even the wife—could be a big help when you face up to that pesky chore of figuring your income tax this year.

At least that's some of the advice offered by the Internal Revenue Service to help reduce the mounting number of taxpayers who make simple mistakes in arithmetic on their returns.

"After you make out your form, put it aside, take a rest, go to the movies, or have a couple of drinks," suggested an official of the New York Regional Commissioner's Office of the IRS.

"Then, after a day or two, go back and check the figures. If everyone did this, we could cut the simple arithmetic errors by 75 per cent," he estimated.

"In most cases a taxpayer rechecking his figures immediately after putting them down will make the same error all over again," the revenue man explained.

How does the little woman come in—besides keeping the kids quiet during your aching session with pencil and eraser?

"Well, a wife can also help by checking the figures on the return," the Internal Revenue Service man suggested. "That provides an independent check of the mathematics, and you don't have to show your figures to someone outside the family."

Simple addition and subtraction mistakes are turning up in increasing numbers, the IRS has found. In the year ended June 30, 1961, some 2.5 million taxpayers made errors in arithmetic on their federal returns. That was up 24 per cent from the previous year.

Mrs. Rockefeller Arrives In Reno To Get Divorce

RENO, Nev. (AP)—Mrs. Nelson A. Rockefeller has arrived in this divorce capital—apparently to end her 31-year marriage to New York's governor in a quick and quiet way.

They separated in New York several months ago.

Mrs. Rockefeller's attorney, William K. Woodburn or Reno, would not confirm that she came to Nevada for a divorce. "She's here in Reno—period," he said after her arrival Thursday night.

Woodburn, a former Democratic national committeeman, has handled many divorce cases but is not generally known as a divorce specialist.

Six weeks' residence in Nevada is required for filing suit for divorce, which may be granted by a county judge on many grounds.

Adultery is the only ground for divorce in New York state, and many New Yorkers establish residence in other states to obtain divorces on different grounds.

Rockefeller is in Des Moines, Iowa, where he attended a Republican dinner Thursday night, and was not immediately available for comment on his wife's move.

Mrs. Rockefeller was accompanied by her widowed sister, Mrs. Philip Wallis of Bala-Cynwyd, Pa. a fashionable suburb of Philadelphia. Mrs. Rockefeller flew from New York to San Francisco. Woodburn met her at San Francisco and drove her on a 300-mile trip here because fog made air travel impossible.

Neither Rockefeller, 53, nor his wife, 54, has given any public hint of the cause of the breakup of their marriage. They had five children and eight grandchildren.

Their separation—described as amicable—was announced by a family spokesman last Nov. 17.

Two days later they were struck by tragedy. Their youngest son, Michael, 23, was reported missing in the wilds of Dutch New Guinea. A vast search was conducted, but the young explorer finally was given up as lost. He had dived into crocodile-infested water from a disabled native boat off the shore while on an expedition hunting primitive art.

There was widespread speculation that the parents' grief might lead to a reconciliation. But neither ever said a word to bolster such hope.

Various opinions have been expressed in Republican and Democratic ranks on the possible effect of a divorce on Rockefeller's political future. He will run for a second four-year term as governor next fall, and is a possibility for the Republican nomination for president in 1964.

Life-Time Weight Watching Needed

Q. Are overweight children likely to be overweight as adults?

A. Yes, there is a strong tendency for obesity to persist into adult life. Energetic treatment of obesity in childhood followed by prolonged supervision to prevent relapse is important in the prevention of obesity in the adult.

Furnace Filters

Q. Our 3-year-old daughter is allergic to house dust and certain pollens. Would use of an activated charcoal furnace filter help reduce air particles that give her trouble?

A. The activated charcoal filter is helpful in eliminating odors, tobacco smoke, and smog but is of questionable value in elimination of dust particles and pollen. The standard impingement filter is effective in filtering larger particles; smaller particles are best removed by an electrostatic precipitator. Combined use of the impingement filter and the electrostatic precipitator, together with 75 per cent or more recirculation of the air, would probably afford the greatest protection.

Nosebleed In Children

Q. What is the best way to stop nosebleed in children?

A. Nosebleed in children is usually due to rubbing or picking the nose. To help stop bleeding, position the child so that the head is upright with a slightly forward tilt. This prevents coughing and vomiting due to blood entering the throat. Apply pressure against the bleeding area by compressing the nostrils with the thumb and forefinger. During this time the child breathes through his mouth. Apply moderate pressure for about five minutes. Consult a physician if bleeding isn't controlled by this method.

ANSWERS YOUR PROBLEMS

Dear Ann: I was a lonely widow for 10 years. Then I met a bachelor who said he was 48. Oswald is completely bald, very conceited and hard of hearing. But like I said, I was lonely.

In October 1960 he lost his job. It was either lend him rent money or invite him to move into my home. I decided to let him move in since he was having all of his meals here anyway and I was doing his laundry.

When a year went by and he made no attempt to find a job I told him to leave. The next day he came down with a cold and he's been in bed ever since. I've been bringing his meals on a tray and waiting on him for seven weeks.

My cleaning lady told me yesterday that when I'm not around he gets out of bed, turns on the radio and does the twist. The doctor says there's nothing wrong with him. What can I do?—E.W.O.

-:-

Dear E.W.O.: There may be nothing wrong with HIM but there's something wrong with YOU.

Give the parasite 10 days to find another place to live even if you have to hand him a month's room rent. Tell him if he doesn't move under his own steam you'll enlist the aid of the law. Then do it.

Soft In The Head

Dear Ann: My husband is soft-spoken and gentle. Ed never raises his voice. I do all the yelling around here.

The problem centers around our 8-year-old, Sue. When I ask her to do something she just sits there. Ed invariably jumps to her defense, making excuses such as "she's busy watching TV" or "she's reading. Wait till later."

Sue pretends she doesn't hear me and Ed hides behind his newspaper. Sue's teacher has asked if she has emotional problems at home. The child doesn't do well in school, although she is very bright.

Ed says I yell at her too much. I know he's right but I think he's partly to blame, too. Please help us. — F.D.

-:-

Dear F. D.: That "soft-spoken, gentle man" is waging a cold war against you — and Sue is the battlefield.

You can help matters by resolving not to chew at Sue for petty things. But once you ask her to do something, insist that she do it. Ed can help by giving you the proper support instead of countermanding your orders.

If you can't get him to agree on this I suggest that you go together to a psychiatrist who deals with problem children. The teacher's question indicates that your child shows symptoms of being troubled.

'Silent Bill' Makes Big Noise . . .

Bill Pierson, another wrestling product of East Liverpool High School, is unbeaten in college dual meet competition as a 137-pound wrestler on the Kent State University squad.

Bill was the Mid - American Conference champion last year when he helped Kent coach Joe Begala become the world's winningest wrestling coach.

Begala's squad was unbeaten in eight meets last year to give Joe an overall record of 226 wins, 36 losses and two ties in 29 years of coaching at Kent. He surpassed ex-Lehigh coach Bill Sherican, who in 40 years had a 223-83-7 mark.

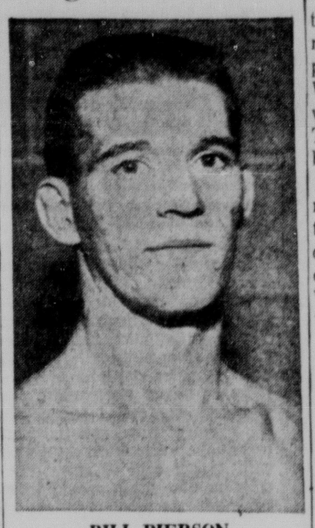
Pierson, who was graduated from East Liverpool in 1957, wrestled here under Lou Venditti and placed second in the regional tournament for two consecutive years.

At Kent Pierson has an unblemished dual meet mark in 13 attempts. His latest was an 8-0 decision over a Western Michigan wrestler last Monday in a match which Kent dropped 16-12.

A junior biology major at Kent, Pierson made the dean's list in the spring quarter of his sophomore year, a feat that calls for a 3.3 or better of a possible four points.

He is married to the former Sue Smith of East Liverpool. The quiet junior jokingly is called "Silent Bill" by Coach Begala.

"Pierson never says anything, he just does it," Begala explained.



BILL PIERSON
Undefeated On College Mats.

"He came here unheralded, but the first time I saw him I knew he could be a good one. He has good moves. He's a natural and has the potential to be one of the greatest we've ever had," Begala added.

Pierson's 5-0 decision Saturday helped Kent to a 17-9 win besides giving Bill his 12th dual meet win without a loss.

"Silent Bill" also managed to win the 137-pound crown in the 4-I tournament last season besides taking the Mid-American championship.

Kent has an overall record of 4-2 on the season.

He is the son of Mrs. Geraldine Pierson, 429 Elm St.

Salem Should Have Won . . .

EAST LIVERPOOL probably would be in better shape to pull an upset tonight if Salem had not lost at Youngstown South Tuesday.

That loss no doubt will serve to perk up Coach John Cabas' cagers, who can also relax now with the winning streak off their backs.

Cabas may be in for a few surprises tonight, though, since he hasn't seen the Potters' new look. When he scouted ELHS in two games Coach Jim Harris used a different lineup.

Height and the fact the game is at Salem weigh heavily against the Potters. Outside of Bill Beery, the Quakers don't have any great scorers, but the height may be too much for East Liverpool.

The Potters did an outstanding job against great odds last Saturday when they whittled the Canton McKinley Bulldogs down to size. Whether they can do it again remains to be seen.

—:—

TONIGHT'S game at Salem will mark only the second time East Liverpool has played on the new court in the Quaker city.

Fred Cope, Salem's veteran faculty manager, expects 2,100 fans for the game, a figure that Salem usually hits for each home contest.

The Quakers' schedule lists 12 home games for the 1961-62 campaign, so the turnstiles have been clicking at Salem.

In the big one tonight at Salem, we are going for the underdog Potters by three points.

This 'N That In Sports . . .

FEBRUARY is here and that means the many independent tournament committees are beginning to map plans for the post-season classics.

First to announce dates is the United Boosters. The seventh annual event is set for April 2-7 at the United High gym. Frank Solak, United High principal, will serve again as tournament director.

The sixth annual Valley Officials tourney will be staged March 12-17 at Dawes Gym in New Brighton. Anyone interested in entering should contact Ted Cornecki at 1032 24th St., Beaver Falls.

At Sharon, the 25th W. U. Hoyle Junior Basketball Tournament will be held March 26-31 for boys 18 years and under.

—:—

PRINCIPAL George Hargraves is doing everything in his power to have the scoreboard on the East side of Memorial Auditorium repaired.

Hargraves understands how annoying it is not to know what the score is and how much time is left. He sits on the west side, too.

The faulty parts of the clock have been sent away, but the company has been on the slow side in returning them.

Potter Wrestlers Gain Win Over Boardman

East Liverpool's wrestling team broke out of its losing ways by pinning a 31-11 defeat on Boardman Thursday at Memorial Auditorium.

Coach Rey Peduzzi's team, in registering its second win of the season, took eight of the 11 matches including three by falls and one by forfeit.

Dennis Adkins (106) opened the rout by pinning Boardman's Wallis in 1:58. Then Jerry Triner a 115-pound junior posted one of the quickest pins of the season by throwing Marrie in 38 seconds.

Bob Francis (123) won by forfeit, then Gary Burton (130) gained a 5-1 decision. Veteran Joe Jackson disposed of Latronico with a pin in 5:57 of the 136-pound match.

Allen Douglas (148), Butch Mathias (157) and sophomore Bud Manley, East Liverpool's heavyweight, all registered decisions. Manley's victory was his second straight.

East Liverpool's Butch Griffith (141), Ron Kennedy (168) and Gene Wolfe (178) suffered defeats.

The results follow:

106—Adkins (EL) pinned Wallis (B) 1:58.

115—Triner (EL) pinned Marrie (B) 38 seconds.

120—Francis (EL) won by forfeit.

Cincy Whips Houston For 16th Win

By JIM HACKLEMAN
Associated Press Sports Writer

Cincinnati has another victory to add to its impressive season's record—thanks to some sparkling play by Ron Bonham and George Wilson, two of the sophomores whose performances brightened Thursday night's college basketball action.

Bonham and Wilson turned in major roles in the top game on the program, Cincinnati's 60-52 decision over Houston. Among other starring sophomores were Vic Rouse and Les Hunter of Chicago Loyola, Miles Aiken of St. Bonaventure, Nick Workman of Seton Hall, Rodger Twitchell of Massachusetts, Tom Lynch of St. Peter's (N.J.) and Davidson's Bill Beerman.

Cincinnati's Bearcats built up an 11-point halftime lead behind the scoring of Bonham and Wilson and then staved off the Cougars' determined comeback after intermission. Houston pulled to within three points toward the end before the Bearcats put it away with six straight foul shots in the final two minutes.

Bonham had 20 and Wilson 18 for Cincinnati, now 16-2. Houston took its fourth loss in 19 games.

Loyola (14-2) blasted Baldwin-Wallace 108-68 at Chicago, with Rouse scoring 25 points and Hunter chipping in with 24. St. Bonaventure put together several spurts and outlasted Seton Hall 113-110 in a scorcher at New York's Madison Square Garden. Aiken paced the Bonnies with 29 points where Workman totaled 40. In the other half of the Garden doubleheader, Massachusetts rapped St. Peter's 94-75. Twitchell was high for Massachusetts, scoring 20, and Lynch had 18 for the losers.

Davidson made it 10 straight by whipping Erskine 71-57. Beerman had his biggest game so far, finishing with 15 points.

Detroit rolled over Michigan 82-74 at Ann Arbor as Dave Debusschere led the Titans with 23 points and the same number of rebounds.

Tulsa beat North Texas 76-61 in the Missouri Valley conference. Eastern Kentucky put a further damper on Morehead's Ohio Valley title chances, tripping Eagles 93-85.

Louisiana State topped Loyola of New Orleans 77-61. Georgetown cut loose in overtime and overcame Fairleigh-Dickinson 84-77. And Cal Poly upset St. Mary's (Calif.) 74-68.

Following 15-10¼ Performance

Marine Aims At 16 Feet In Millrose Pole Vault

NEW YORK (AP)—John Uelses, newly crowned king of the indoor pole vaulters, competes in the Millrose Games in Madison Square Garden tonight—his first start since he set a 15-10¼ record.

Uelses, born in Berlin and a U.S. Marine stationed at Quantico, Va., was so flushed with his record performance last Saturday in Washington that he immediately announced he was ready to break the magic 16-foot barrier.

But Uelses won't have the entire spotlight. Veteran Parry O'Brien of Los Angeles has put aside his retirement plans for another year to test 19-year-old Gary Gubner of New York University in the shotput.

John Thomas of Boston University, dethroned last year as monarch of the high jumpers by Valery Brumel of the Soviet Union, is the top entry in his specialty, although he was beaten three weeks ago by Bob Gardner at 6-8.

Tom Sullivan, from Villanova, who ran a 4:03.5 mile as a high school student last year, gets a severe test although he won't have to contend with Ron Delany, who is back on the familiar garden boards. Sullivan will have to beat veterans Ed Moran and Cary Weisiger plus Hungary's Lajos Szentgali.

Delany, who ran up a streak of 40 indoor victories, 34 at the mile, during a 4-year span from 1956 to 1959, will run anchor on an Irish 2-mile relay team that set a European record of 7:21.8 last summer. The catch is that he's the only member of the quartet who ever has run indoors.

Frank Budd of Villanova appears to have the 60-yard dash all to himself, while Hayes Jones of Pontiac, Mich., will be back doing business at the same old stand in the 60-yard high hurdles. He has won the event the last two years.

Hull's, Cline's, Anderson's Win

Anderson's, Hull's and Cline's each picked up victories in the YMCA Members League which opened play Thursday night at the YMCA.

Pacing Anderson's 54-39 victory over Gallagher's were Joe Anderson with 19 and Jack Bailey who collected 18 markers. Weekley was high for the losers with 20.

Bob Hull dropped in 18 points to spark his team's 44-36 win over Clark's. Joe Clement paced the losers with 10.

Cline's handed Pusey's a 49-42 setback as Wayne Cline threaded the hoop for 20. Jim McNear's 16 points topped Pusey's.

Rens Knocked From 1st Place

By The Associated Press

Turnabout is fair play. Last weekend the Pittsburgh Rens knocked the Chicago Majors out of first place in the Eastern Division of the American Basketball League. Thursday night the Majors knocked the Rens off the top and took over again.

A turnout of 427 at Waukegan, Ill., saw the Majors make it two straight over the Rens, 109-105. The Kansas City Steers nipped the Hawaii Chiefs 92-91 at Honolulu in Thursday's other league game.

Youngstown East Cagers Here Saturday Night In Busy Weekend

Jim Harris and his "five dwarfs" start a busy weekend of basketball tonight at Salem, where they are billed as underdogs.

After the important Big 8 Conference battle, with a packed house looking on, the Potters will scoot back to Memorial Auditorium to entertain Youngstown East Saturday night. Tonight's tipoff will be around 9 following the reserve game which gets under way at 7:30.

Coach John Cabas sends his team after its 13th win against two defeats. Only Youngstown South and Akron Central have been able to master the Quakers.

Salem also is seeking its third straight Big 8 Conference win in a game that could decide the league championship.

The Potters and Massillon are tied with 3-1 league records. While tonight's game is the final league battle for both the Potters and Salem, Massillon has two games remaining in conference play.

Harris will be starting the same five which dumped Canton McKinley last Saturday. Four of the starters are under 6 feet—Roger Linville, Jack Deshler, Huck Steffen and Frank McComas. Dean Cline, East Liverpool's new inside man, stands slightly over the 6-foot marker.

Youngstown East, which battles Canton McKinley tonight, presently owns a 5-7 record and shows a 3-2 mark in the Youngstown City series.

East is under a new coach this season, Lou Rivello. Leading the Youngstown five is 6-foot-3 Carey Brown, who has dropped in 174 points in 12 games. Brown and Ted Lolakis, 6-foot-4, team to form an awesome rebounding and scoring combination.

Lolakis has scored 154 points so far. Rounding out the lineup will be Ron Caruso, Cephus Cooper and Terry Hulbert, all slightly below the 6-foot mark.

'Silent Bill' Makes Big Noise . . .

Bill Pierson, another wrestling product of East Liverpool High School, is unbeaten in college dual meet competition as a 137-pound wrestler on the Kent State University squad.

Bill was the Mid - American Conference champion last year when he helped Kent coach Joe Begala become the world's winningest wrestling coach.

Begala's squad was unbeaten in eight meets last year to give Joe an overall record of 226 wins, 36 losses and two ties in 29 years of coaching at Kent. He surpassed ex-Lehigh coach Bill Sherican, who in 40 years had a 223-83-7 mark.

Pierson, who was graduated from East Liverpool in 1957, wrestled here under Lou Venditti and placed second in the regional tournament for two consecutive years.

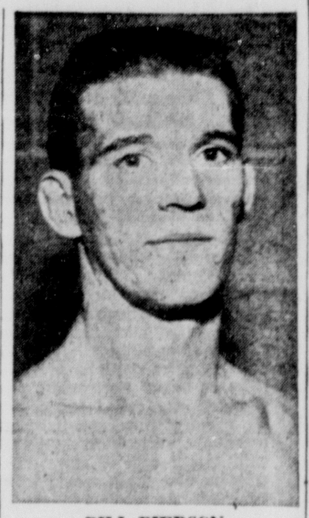
At Kent Pierson has an unblemished dual meet mark in 13 attempts. His latest was an 8-0 decision over a Western Michigan wrestler last Monday in a match which Kent dropped 16-12.

A junior biology major at Kent, Pierson made the dean's list in the spring quarter of his sophomore year, a feat that calls for a 3.3 or better of a possible four points.

He is married to the former Sue Smith of East Liverpool. The quiet junior jokingly is called "Silent Bill" by Coach Begala.

"Pierson never says anything, he just does it," Begala explained.

"He came here unheralded, but the first time I saw him I knew he could be a good one. He has good moves. He's a natural and has the potential to be one of the greatest we've ever had," Begala added.



BILL PIERSON
Undefeated On College Mats.

Pierson's 5-0 decision Saturday helped Kent to a 17-9 win besides giving Bill his 12th dual meet win without a loss.

"Silent Bill" also managed to win the 137-pound crown in the 4-I tournament last season besides taking the Mid-American championship.

Kent has an overall record of 4-2 on the season.

He is the son of Mrs. Geraldine Pierson, 429 Elm St.

Salem Should Have Won . . .

EAST LIVERPOOL probably would be in better shape to pull an upset tonight if Salem had not lost at Youngstown South Tuesday.

That loss no doubt will serve to perk up Coach John Cabas' cagers, who can also relax now with the winning streak off their backs.

Cabas may be in for a few surprises tonight, though, since he hasn't seen the Potters' new look. When he scouted ELHS in two games Coach Jim Harris used a different lineup.

Height and the fact the game is at Salem weigh heavily against the Potters. Outside of Bill Beery, the Quakers don't have any great scorers, but the height may be too much for East Liverpool.

The Potters did an outstanding job against great odds last Saturday when they whittled the Canton McKinley Bulldogs down to size. Whether they can do it again remains to be seen.

—:—

TONIGHT'S game at Salem will mark only the second time East Liverpool has played on the new court in the Quaker city.

Fred Cope, Salem's veteran faculty manager, expects 2,100 fans for the game, a figure that Salem usually hits for each home contest.

The Quakers' schedule lists 12 home games for the 1961-62 campaign, so the turnstiles have been clicking at Salem.

In the big one tonight at Salem, we are going for the underdog Potters by three points.

This 'N That In Sports . . .

FEBRUARY is here and that means the many independent tournament committees are beginning to map plans for the post-season classics.

First to announce dates is the United Boosters. The seventh annual event is set for April 2-7 at the United High gym. Frank Solak, United High principal, will serve again as tournament director.

The sixth annual Valley Officials tourney will be staged March 12-17 at Dawes Gym in New Brighton. Anyone interested in entering should contact Ted Cornecki at 1032 24th St., Beaver Falls.

At Sharon, the 25th W. U. Hoyle Junior Basketball Tournament will be held March 26-31 for boys 18 years and under.

—:—

PRINCIPAL George Hargraves is doing everything in his power to have the scoreboard on the East side of Memorial Auditorium repaired.

Hargraves understands how annoying it is not to know what the score is and how much time is left. He sits on the west side, too.

The faulty parts of the clock have been sent away, but the company has been on the slow side in returning them.

Potter Wrestlers Gain Win Over Boardman

East Liverpool's wrestling team broke out of its losing ways by pinning a 31-11 defeat on Boardman Thursday at Memorial Auditorium.

Coach Rey Peduzzi's team, in registering its second win of the season, took eight of the 11 matches including three by falls and one by forfeit.

Dennis Adkins (106) opened the rout by pinning Boardman's Wallis in 1:58. Then Jerry Triner a 115-pound junior posted one of the quickest pins of the season by throwing Marrie in 38 seconds.

Bob Francis (123) won by forfeit, then Gary Burton (130) gained a 5-1 decision. Veteran Joe Jackson disposed of Latronico with a pin in 5:57 of the 136-pound match.

Allen Douglas (148), Butch Mathias (157) and sophomore Bud Manley, East Liverpool's heavyweight, all registered decisions. Manley's victory was his second straight.

East Liverpool's Butch Griffith (141), Ron Kennedy (168) and Gene Wolfe (178) suffered defeats.

The results follow:

106—Adkins (EL) pinned Wallis (B) 1:58.

115—Triner (EL) pinned Marrie (B) 38 seconds.

120—Francis (EL) won by forfeit.

Bonham, Wilson Pace Bearcats

Cincy Whips Houston For 16th Win

By JIM HACKLEMAN
Associated Press Sports Writer

Cincinnati has another victory to add to its impressive season's record—thanks to some sparkling play by Ron Bonham and George Wilson, two of the sophomores whose performances brightened Thursday night's college basketball action.

Bonham and Wilson turned in major roles in the top game on the program, Cincinnati's 60-52 decision over Houston. Among other starring sophomores were Vic Rouse and Les Hunter of Chicago Loyola, Miles Aiken of St. Bonaventure, Nick Workman of Seton Hall, Rodger Twitchell of Massachusetts, Tom Lynch of St. Peter's (N.J.) and Davidson's Bill Beerman.

Cincinnati's Bearcats built up an 11-point halftime lead behind the scoring of Bonham and Wilson and then staved off the Cougars' determined comeback after intermission. Houston pulled to within three points toward the end before the Bearcats put it away with six straight foul shots in the final two minutes.

Bonham had 20 and Wilson 18 for Cincinnati, now 16-2. Houston took its fourth loss in 19 games.

Loyola (14-2) blasted Baldwin-Wallace 108-68 at Chicago, with Rouse scoring 25 points and Hunter chipping in with 24. St. Bonaventure put together several spurts and outlasted Seton Hall 113-110 in a scorcher at New York's Madison Square Garden. Aiken paced the Bonnies with 29 points where Workman totaled 40. In the other half of the Garden doubleheader, Massachusetts rapped St. Peter's 94-75. Twitchell was high for Massachusetts, scoring 20, and Lynch had 18 for the losers.

Davidson made it 10 straight by whipping Erskine 71-57. Beerman had his biggest game so far, finishing with 15 points.

Detroit rolled over Michigan 82-74 at Ann Arbor as Dave Debusschere led the Titans with 23 points and the same number of rebounds.

Tulsa beat North Texas 76-61 in the Missouri Valley conference. Eastern Kentucky put a further damper on Morehead's Ohio Valley title chances, tripping Eagles 93-85.

Louisiana State topped Loyola of New Orleans 77-61. Georgetown cut loose in overtime and overcame Fairleigh-Dickinson 84-77. And Cal Poly upset St. Mary's (Calif.) 74-68.

Leonard Leads But Fears Palmer At Palm Springs

PALM SPRINGS, Calif. (AP)—Just a few years ago the golfers called Ben Hogan "The Hawk" and no one cared to have the great Texan close enough to swoop in and claw up their chances.

The pros feel much the same today about Arnold Palmer, the current "Hawk" of the game, as they head into the third round of the $50,000 Palm Springs Classic.

True, Arnold was four strokes behind the leader, Canada's seasoned Stan Leonard, who forged ahead with rounds of 65-67 for 132.

But there are three more rounds to go in this 90-hole marathon and it appeared significant that Palmer now has whipped the two toughest of the four courses in play, Tamarisk and Eldorado country clubs.

Neither Leonard, who observed his 47th birthday today, nor any of the others in front of Palmer at this stage can claim this advantage.

Palmer's 69-67—136 left him eight strokes under par 72 for the two courses. And today, Palmer played the less demanding par 71 Thunderbird Country Club.

Setting out today two shots off the pace were Jacky Cupit, Longview, Tex., who celebrated his 24th birthday Thursday with a 7-under par 65 at Indian Wells Country Club, and Gardner Dickinson.

Alone at 135 was Neil Coles of the 1961 British Ryder Cup team, whose 67 at Tamarisk was his best round of the current California tour.

Jim Ferree's 69 at Tamarisk left him alone at 137.

The 138 group included Jimmy Demaret and U.S. Open champion Gene Littler. Gene's 67-71 was achieved at Tamarisk and Eldorado.

The going was rougher for some of the other name players Thursday. Young Rex Baxter Jr., who shared the first round lead with Leonard at 65, took a 74, and Doug Ford, who had an initial 66, fell back with a 74.

Stan Leonard 65-67—132

Commission To Decide On Archie

NEW YORK (AP) — The New York Athletic Commission meets today to discuss Archie Moore and whether to trim even more the area in which his light-heavyweight title is recognized.

The commission previously had warned Archie he had until today to arrange for a title fight with either Harold Johnson, who holds the National Boxing Association version of the 175-pound title, or No. 2 challenger Doug Jones of New York. Failing to do that, the commission warned, Archie would face possible suspension.

Moore's title is recognized in New York, Massachusetts and Europe. The Massachusetts commission is expected to go along with any action the New York group may take in the light-heavy situation.

Moore hasn't arranged for a fight.

Moore was stripped of NBA recognition a year ago because of inactivity.

U.S. Not Far From Top Among Figure Skaters

By ED CORRIGAN

BOSTON (AP)—It won't be long before the United States is back on top of the figure skating world, two of the nation's leading coaches said today.

Fritz Dietl, who coaches 12-year-old Scott Allen, the youngest American ever to win the United States gold medal figure test, and 7-time world champion Karl Schaefer, both agreed that the talent in the United States is far superior to the rest of the world.

The cream of the United States skating talent was wiped out in a tragic airplane crash outside Brussels, Belgium, last Feb. 15 en route to the world championships. The top three skaters in every division perished.

High officials of the United States Figure Skating Association maintain it will take up to 10 years to develop a world champion here.

"Not so," said Dietl, "and I know. I go back to Europe every year to look things over. Even in Austria, where I was born, they can't match the talent here.

"I'll make one prediction right now—Barbara Ann Pursley will win the women's world championship this year."

Mrs. Pursley is scheduled to handle the compulsory figures today in the ladies senior division.

Monty Hoyt, a 145-pound, 17-year-old from Denver who is a virtual certainty to win the men's senior championship, said, "Some of those figures that have been cut are equal to those in the world championships."

Hoyt, junior champion last year compiled a fantastic 5½ ordinals in the compulsory figures of the men's senior competition Thursday. He was placed first on four of the five judge's cards and tied for first with Allen on the other.

Young Allen had 10½ ordinals, while Tim Short, an Army private from Pasadena, Calif., was third with 17, followed by David Edwards of Haverford, Pa., also with 17. Short had three third places to one for Edwards.

Tim Woods of Blomfield Hills, Mich., leads the men's novice division with 7½ ordinals to 8½ for Paul McGrath of Milton, Mass. Pam Schneider of Asbury Park, N.J., heads the ladies novice group with 8 ordinals, far ahead of second-place Dorothy Thompson of Colorado Springs who had 20.

Snell Shoots For New Mark In ½-Mile Run

CHRISTCHURCH, New Zealand (AP)—Peter Snell, the new mile master, is calm and confident as he approaches an assault on one more world mark.

The 22-year-old New Zealander bettered the world mile record last Saturday and goes after the half-mile mark this Saturday.

"I feel if I am going to get the half-mile record, I should do it now," he said. "I am not sure how much the mile record took out of me, but I know I am definitely fitter than ever before."

He clipped one-tenth of a second off Herb Elliott's mile record with a time of 3:54.4 over a grass track—considered slower than other surfaces.

He'll make the half-mile attempt at Lancaster Park, a track which has the reputation of being the fastest in New Zealand.

The half-mile, or 880-yard record is 1:46.8, held by American Tom Courtney.

Larsen In Giant Fold, Kaline Fails To Sign

By The Associated Press

Don Larsen, a pitcher whose 1962 performance could prove a major factor in the success or failure of the San Francisco Giants, came to terms with the Giants today.

However, two Detroit Tiger stars were reported having salary troubles.

Larsen, 32, and southpaw Billy Pierce came to the Giants from the Chicago White Sox this winter in a trade. Larsen, a 6-foot-4 right-hander, had an 8-2 record in 33 games with the White Sox last year.

His biggest years were with the New York Yankees in the 50's. He pitched the only perfect game in World Series history on Oct. 8, 1956, when he beat the Dodgers, 2-0.

Hard-hitting Al Kaline held a conference with Tigers Vice President Rick Ferrell Thursday and the Detroit executive reported "very little progress."

Kaline had 19 home runs and 82 runs batted in last season, and his .324 batting average was runnerup for the American League batting crown to teammate Norm Cash.

Wilt Scores 53 In Phillys' Win Over Cincinnati

By The Associated Press

The Philadelphia Warriors have a score to settle in Boston tonight.

This time, however, it isn't against their old National Basketball Association rivals the Boston Celtics. This score-settling is with the lowly New York Knickerbockers, in last place in the Eastern Division.

The Warriors play the Knicks in the first game of a doubleheader and are looking for revenge. New York is the only team owning a victory over the Warriors in their last nine outings. Boston leads the division by seven games.

Philadelphia, with Wilt Chamberlain scoring 53 points, cooled off Cincinnati 130-109 Thursday night, but failed to make up any ground on Boston, which stopped Los Angeles' five-game winning string 130-115 in College Park, Md.

Rangers Snap Losing Streak With 2 Victories

By The Associated Press

New York's revived Rangers have reclaimed fourth place in the National Hockey League — but holding on to it may be a different matter.

The Rangers took the day off today to celebrate back-to-back victories over Boston that snapped a 10-game losing string and pushed them ahead of Detroit. But then they face the league's best: the second-place Leafs in Toronto Saturday and pace-setting Montreal in New York Sunday.

The Rangers completed the sweep of the two-game set with Boston with a 5-3 victory Thursday night.

That, combined with Chicago's 7-4 decision over the Red Wings, put New York one-point ahead of Detroit in fourth place—the last playoff spot.

Montreal's 5-2 triumph over Toronto extended the streaking Canadiens' record to 11 straight and improved their leading margin to six points.

Leonard Leads But Fears Palmer At Palm Springs

PALM SPRINGS, Calif. (AP)—Just a few years ago the golfers called Ben Hogan "The Hawk" and no one cared to have the great Texan close enough to swoop in and claw up their chances.

The pros feel much the same today about Arnold Palmer, the current "Hawk" of the game, as they head into the third round of the $50,000 Palm Springs Classic.

True, Arnold was four strokes behind the leader, Canada's seasoned Stan Leonard, who forged ahead with rounds of 65-67-for 132.

But there are three more rounds to go in this 90-hole marathon and it appeared significant that Palmer now has whipped the two toughest of the four courses in play, Tamarisk and Eldorado country clubs.

Neither Leonard, who observed his 47th birthday today, nor any of the others in front of Palmer at this stage can claim this advantage.

Palmer's 69-67—136 left him eight strokes under par 72 for the two courses. And today, Palmer played the less demanding par 71 Thunderbird Country Club.

Setting out today two shots off the pace were Jacky Cupit, Longview, Tex., who celebrated his 24th birthday Thursday with a 7-under par 65 at Indian Wells Country Club, and Gardner Dickinson.

Alone at 135 was Neil Coles of the 1961 British Ryder Cup team, whose 67 at Tamarisk was his best round of the current California tour.

Jim Ferree's 69 at Tamarisk left him alone at 137.

The 138 group included Jimmy Demaret and U.S. Open champion Gene Littler. Gene's 67-71 was achieved at Tamarisk and Eldorado.

The going was rougher for some of the other name players Thursday. Young Rex Baxter Jr., who shared the first round lead with Leonard at 65, took a 74, and Doug Ford, who had an initial 66, fell back with a 74.

Commission To Decide On Archie

NEW YORK (AP) — The New York Athletic Commission meets today to discuss Archie Moore and whether to trim even more the area in which his light-heavyweight title is recognized.

The commission previously had warned Archie he had until today to arrange for a title fight with either Harold Johnson, who holds the National Boxing Association version of the 175-pound title, or No. 2 challenger Doug Jones of New York. Failing to do that, the commission warned, Archie would face possible suspension.

Moore's title is recognized in New York, Massachusetts and Europe. The Massachusetts commission is expected to go along with any action the New York group may take in the light-heavy situation.

Moore hasn't arranged for a fight.

Moore was stripped of NBA recognition a year ago because of inactivity.

U.S. Not Far From Top Among Figure Skaters

By ED CORRIGAN

BOSTON (AP)—It won't be long before the United States is back on top of the figure skating world, two of the nation's leading coaches said today.

Fritz Dietl, who coaches 12-year-old Scott Allen, the youngest American ever to win the United States gold medal figure test, and 7-time world champion Karl Schaefer, both agreed that the talent in the United States is far superior to the rest of the world.

The cream of the United States skating talent was wiped out in a tragic airplane crash outside Brussels, Belgium, last Feb. 15 en route to the world championships. The top three skaters in every division perished.

High officials of the United States Figure Skating Association maintain it will take up to 10 years to develop a world champion here.

"Not so," said Dietl, "and I know. I go back to Europe every year to look things over. Even in Austria, where I was born, they can't match the talent here.

"I'll make one prediction right now—Barbara Ann Pursley will win the women's world championship this year."

Mrs. Pursley is scheduled to handle the compulsory figures today in the ladies senior division.

Monty Hoyt, a 145-pound, 17-year-old from Denver who is a virtual certainty to win the men's senior championship, said, "Some of those figures that have been cut are equal to those in the world championships."

Hoyt, junior champion last year compiled a fantastic 5½ ordinals in the compulsory figures of the men's senior competition Thursday. He was placed first on four of the five judge's cards and tied for first with Allen on the other.

Young Allen had 10½ ordinals, while Tim Short, an Army private from Pasadena, Calif., was third with 17, followed by David Edwards of Haverford, Pa., also with 17. Short had three third places to one for Edwards.

Tim Woods of Blomfield Hills, Mich., leads the men's novice division with 7½ ordinals to 8½ for Paul McGrath of Milton, Mass. Pam Schneider of Asbury Park, N.J., heads the ladies novice group with 8 ordinals, far ahead of second-place Dorothy Thompson of Colorado Springs who had 20.

Snell Shoots For New Mark In ½-Mile Run

CHRISTCHURCH, New Zealand (AP)—Peter Snell, the new mile master, is calm and confident as he approaches an assault on one more world mark.

The 22-year-old New Zealander bettered the world mile record last Saturday and goes after the half-mile mark this Saturday.

"I feel if I am going to get the half-mile record, I should do it now," he said. "I am not sure how much the mile record took out of me, but I know I am definitely fitter than ever before."

He clipped one-tenth of a second off Herb Elliott's mile record with a time of 3:54.4 over a grass track—considered slower than other surfaces.

He'll make the half-mile attempt at Lancaster Park, a track which has the reputation of being the fastest in New Zealand.

The half-mile, or 880-yard record is 1:46.8, held by American Tom Courtney.

Larsen In Giant Fold, Kaline Fails To Sign

By The Associated Press

Don Larsen, a pitcher whose 1962 performance could prove a major factor in the success or failure of the San Francisco Giants, came to terms with the Giants today.

However, two Detroit Tiger stars were reported having salary troubles.

Larsen, 32, and southpaw Billy Pierce came to the Giants from the Chicago White Sox this winter in a trade. Larsen, a 6-foot-4 right-hander, had an 8-2 record in 33 games with the White Sox last year.

His biggest years were with the New York Yankees in the 50's. He pitched the only perfect game in World Series history on Oct. 8, 1956, when he beat the Dodgers, 2-0.

Hard-hitting Al Kaline held a conference with Tigers Vice President Rick Ferrell Thursday and the Detroit executive reported "very little progress."

Kaline had 19 home runs and 82 runs batted in last season, and his .324 batting average was runnerup for the American League batting crown to teammate Norm Cash.

Wilt Scores 53 In Phillys' Win Over Cincinnati

By The Associated Press

The Philadelphia Warriors have a score to settle in Boston tonight.

This time, however, it isn't against their old National Basketball Association rivals the Boston Celtics. This score-settling is with the lowly New York Knickerbockers, in last place in the Eastern Division.

The Warriors play the Knicks in the first game of a doubleheader and are looking for revenge. New York is the only team owning a victory over the Warriors in their last nine outings. Boston leads the division by seven games.

Philadelphia, with Wilt Chamberlain scoring 53 points, cooled off Cincinnati 130-109 Thursday night, but failed to make up any ground on Boston, which stopped Los Angeles' five-game winning string 130-115 in College Park, Md.

Rangers Snap Losing Streak With 2 Victories

By The Associated Press

New York's revived Rangers have reclaimed fourth place in the National Hockey League — but holding on to it may be a different matter.

The Rangers took the day off today to celebrate back-to-back victories over Boston that snapped a 10-game losing string and pushed them ahead of Detroit. But then they face the league's best: the second-place Leafs in Toronto Saturday and pace-setting Montreal in New York Sunday.

The Rangers completed the sweep of the two-game set with Boston with a 5-3 victory Thursday night.

That, combined with Chicago's 7-4 decision over the Red Wings, put New York one-point ahead of Detroit in fourth place—the last playoff spot.

Montreal's 5-2 triumph over Toronto extended the streaking Canadiens' record to 11 straight and improved their leading margin to six points.

HAL HUMPHREY

Every Man's Kukla, Fran And Ollie

According to reports seeping back from the rest of the country, viewers tuned to the ABC network last Friday night still are in a state of shock. That was the night ABC unleashed a character named Soupy Sales.

Hal Humphrey

In Southern California we are more or less used to Soupy, especially those of us harboring teenagers in our homes. This marked the first time, however, that a national night-time audience had witnessed Soupy — or anything like him, since Halley's Comet last passed over.

-:-

THOSE WHO stayed the full 30 minutes got a bonus shock as Frank Sinatra (in person) came on and broke into "Foggy Day in London Town," then stepped into Soupy's alleyway and got pasted in the face with a meringue pie.

ABC - affiliated stations were besieged with phone calls from viewers wanting to know "if that was really Sinatra." The doubt stemmed from the fact that Frank was without his extra store hair, giving him the look of a slender Napoleon Bonaparte.

Also, to the saner element in TV-land, it just didn't square that the high-priced Sinatra would be found slumming on what probably is the lowest budget show on TV outside of the nightly weather reports.

-:-

WHAT FRANK was doing on Soupy's show isn't nearly as good a story as why there is a Soupy Sales, and how he landed a prime-time network exposure.

Soupy might be described best as the poor slob's "Kukla, Fran and Ollie." He talks with assorted puppets, just as Fran did, but his have such plebian names as White Fang, Black Tooth, Pookie and Marilyn Monwolf.

The critic for the National PTA magazine once described Soupy Sales thusly:

"A coarse voice, a crude vocabulary, a vulgar enunciation, atrocious grammar, bestial grunts, howls, yowls, shrieks, gargles, croaks, spitting and other hideous and uncouth noises emanate from throat and stomach to produce the unsavory stew that's poured over your child . . . in the hope of eliciting the right answer to the sponsor's question, "What's for dessert?' "

-:-

SOUPY HAS mellowed somewhat since then. His "bestial grunts" are more heartwarming. But he is the same charming uncouth character underneath.

It was Steve Allen's recent cancellation that gave Soupy his big break. ABC had an hour to fill, and toyed with the idea of giving half of it to Soupy, but decided if Allen couldn't conquer "Wagon Train" on the opposing NBC, then it would be brutal to send a young boy like Soupy in there.

"But I wasn't afraid of 'Wagon Train,' no sir!" says Soupy. "I was the first show to beat out 'Popeye.' And I've got the adults, too. Stock brokers and bankers write to me, telling me how they like the show. It's a relaxed show, and you either hate it or love it

-:-

"BUT ABC DECIDED to put Churchill or somebody in for half of that spot, then move in another show from Friday night, and I got that Friday time. Then the Pygmalions took over. They wanted me to have an orchestra and dancing girls, but I said no. My fans don't want that stuff. They want me! "

Soupy's night - time network debut inspired many critics to dust off expletives they haven't used since Ed Sullivan started on TV.

"A mishmash of mediocrity," said Variety. "For kids with low I.Q.s," snapped a wire service critic.

ABC executives so far have maintained a fearful silence. They won't side in with these critics unless Soupy fails to get a mandate from the viewers, which he is just likely to receive.

-:-

AFTER WATCHING Soupy's show, one gets the feeling that he is at least honest. He is not trying to tell us that TV isn't a "wasteland." He is simply saying, "Try me, and see the best waste in town."

Soupy's "surprise guest" tonight is none other than Tony Curtis, and he'll get a pie in the face, too, and prove he's just as good as Sinatra.

Chaperone Foils Kiss For Miss America

VANCOUVER, B.C. (AP)—Miss American and Vancouver's official greeter swayed toward each other for a light buss on the cheek at the airport. It didn't come off.

"Here now," snapped chaperone Angela Petesch, "there'll be no kisses."

Blushed Miss America, Maria Beale Fletcher of Asheville, N.C.: "It was slightly embarrassing."

"Really disappointing," murmured Alderman Frank Baker.

Grey-haired Miss Petesch remarked that "kissing strangers is not becoming for our Miss America. It's downright undignified."

Miss America arrived Thursday for a two-day fashion show.

Niles Man Faces Trial Monday On Extortion Plot

WARREN, Ohio (AP) — Paul LaMonge of Niles is scheduled to go on trial Monday on charges growing out of a grand jury probe of Warren's $4.5 million sewer project.

Common Pleas Court Judge G. H. Birrell set the trial date Thursday after overruling three motions filed by counsel for LaMonge.

In a motion for a change of venue, the attorney argued publicity given the case would make it impossible to get a fair and impartial trial. A second motion asked under which count of the indictment the prosecution intends to proceed against LaMonge, and a third asked for dismissal of the indictment.

The judge held the motions were not well taken.

LaMonge is accused of attempting to extort $200,000 from contractors on the project, obtaining $10,000 from the contractors under false pretenses, and with witness intimidation.

Singer Jane Froman Enrolls At Missouri U.

COLUMBIA, Mo. (AP)—"I sang and danced my way all through school the first time and I loved every minute of it, but now I'm looking forward to something else."

Jane Froman, singer of stage, radio and television fame, has returned to the University of Missouri and enrolled in three art courses.

She left the university in the early 1930s to become a vocalist with Paul Whiteman's band and she has been singing ever since.

A plane carrying a USO troupe crashed at Lisbon in 1943, killing 23 persons and nearly taking Miss Froman's life, but she underwent 30 operations and went on singing.

Now 51, she is going back to school and this time, she says, her school work is going to be different.

'Gate Crasher' Fails To Obtain Senator's Flower

COLUMBUS, Ohio (AP) — Charley Meeks has done it again. The Columbus industrial worker who crashed Democratic Gov. Michael V. DiSalle's birthday extravaganza Jan. 6 showed up Thursday night at a big Republican wingding here.

Meeks was intercepted as he approached Sen. Thruston Morton, R-Ky, principal speaker at the $100-a-plate GOP dinner, and asked for the senator's lapel flower. This time he was recognized by officials and led away empty-handed.

Fortune smiled on Meeks when he sought the same favor from President Kennedy at the DiSalle dinner. He got the flower, and also shook the President's hand.

As he was being ushered out of Thursday night's banquet, Meeks was quoted as saying he only came to show he was not playing favorites.

Steelworkers Reported Eyeing 30-Hour Week

CLEVELAND (AP)—Some steelworkers in the greater Cleveland area are interested in a shorter work week.

Paul Schremp, head of United Steelworkers District 28, said a group of steelworkers told a special wage policy committee Thursday it believed the work week should be 30 hours.

Three groups representing basic steel, office and technical workers and fabricators met with Schremp and five other USW members from the district, which includes Cleveland, Akron and Lorain.

Schremp said recommendations of the local committee would be submitted to the national wage policy committee meeting next week in Pittsburgh.

Schremp would not disclose which group favored the 30-hour week, but said all members want greater job security, longer vacations, and pensions reduced to age 60.

The 29,000-member district has made no recommendation on the amount of wage increase to be sought, Schremp said.

The present USW contract expires June 30, but there has been no indication when formal talks will open.

USW leaders declined comment on reports the Kennedy administration would like to see a contract settlement by March 1.

U.S. Says Egg Noodle Must Have Egg In It

ATLANTA, Ga. (AP) — To be an egg noodle, an egg noodle must have egg in the noodle, says the U.S. government.

Or, as the Food and Drug Administration said after seizing and condemning 26 tons of noodles Thursday: The noodles were "adulterated" in that the "valuable constituent egg or egg yolk had been wholly or in part omitted therefrom."

The government said the noodles made by the Paramount Macaroni Manufacturing Co. of Brooklyn, N.Y., were labeled "egg noodles" but didn't contain the required minimum of 5 per cent egg solids or egg yolk.

Out Of The Air

HAL HUMPHREY

Every Man's Kukla, Fran And Ollie

According to reports seeping back from the rest of the country, viewers tuned to the ABC network last Friday night still are in a state of shock. That was the night ABC unleashed a character named Soupy Sales.

Hal Humphrey

In Southern California we are more or less used to Soupy, especially those of us harboring teenagers in our homes. This marked the first time, however, that a national night-time audience had witnessed Soupy — or anything like him, since Halley's Comet last passed over.

-:-

THOSE WHO stayed the full 30 minutes got a bonus shock as Frank Sinatra (in person) came on and broke into "Foggy Day in London Town," then stepped into Soupy's alleyway and got pasted in the face with a meringue pie.

ABC - affiliated stations were besieged with phone calls from viewers wanting to know "if that was really Sinatra." The doubt stemmed from the fact that Frank was without his extra store hair, giving him the look of a slender Napoleon Bonaparte.

Also, to the saner element in TV-land, it just didn't square that the high-priced Sinatra would be found slumming on what probably is the lowest budget show on TV outside of the nightly weather reports.

-:-

WHAT FRANK was doing on Soupy's show isn't nearly as good a story as why there is a Soupy Sales, and how he landed a prime-time network exposure.

Soupy might be described best as the poor slob's "Kukla, Fran and Ollie." He talks with assorted puppets, just as Fran did, but his have such plebian names as White Fang, Black Tooth, Pookie and Marilyn Monwolf.

The critic for the National PTA magazine once described Soupy Sales thusly:

"A coarse voice, a crude vocabulary, a vulgar enunciation, atrocious grammar, bestial grunts, howls, yowls, shrieks, gargles, croaks, spitting and other hideous and uncouth noises emanate from throat and stomach to produce the unsavory stew that's poured over your child . . . in the hope of eliciting the right answer to the sponsor's question, 'What's for dessert?'"

-:-

SOUPY HAS mellowed somewhat since then. His "bestial grunts" are more heartwarming. But he is the same charming uncouth character underneath.

It was Steve Allen's recent cancellation that gave Soupy his big break. ABC had an hour to fill, and toyed with the idea of giving half of it to Soupy, but decided if Allen couldn't conquer "Wagon Train" on the opposing NBC, then it would be brutal to send a young boy like Soupy in there.

"But I wasn't afraid of 'Wagon Train,' no sir!" says Soupy. "I was the first show to beat out 'Popeye.' And I've got the adults, too. Stock brokers and bankers write to me, telling me how they like the show. It's a relaxed show, and you either hate it or love it.

-:-

"BUT ABC DECIDED to put Churchill or somebody in for half of that spot, then move in another show from Friday night, and I got that Friday time. Then the Pygmalions took over. They wanted me to have an orchestra and dancing girls, but I said no. My fans don't want that stuff. They want me! "

Soupy's night - time network debut inspired many critics to dust off expletives they haven't used since Ed Sullivan started on TV.

"A mishmash of mediocrity," said Variety. "For kids with low I.Q.s," snapped a wire service critic.

ABC executives so far have maintained a fearful silence. They won't side in with these critics unless Soupy fails to get a mandate from the viewers, which he is just likely to receive.

-:-

AFTER WATCHING Soupy's show, one gets the feeling that he is at least honest. He is not trying to tell us that TV isn't a "wasteland." He is simply saying, "Try me, and see the best waste in town."

Soupy's "surprise guest" tonight is none other than Tony Curtis, and he'll get a pie in the face, too, and prove he's just as good as Sinatra.

Chaperone Foils Kiss For Miss America

VANCOUVER, B.C. (AP)—Miss American and Vancouver's official greeter swayed toward each other for a light buss on the cheek at the airport. It didn't come off.

"Here now," snapped chaperone Angela Petesch, "there'll be no kisses."

Blushed Miss America, Maria Beale Fletcher of Asheville, N.C.: "It was slightly embarrassing."

"Really disappointing," murmured Alderman Frank Baker.

Grey-haired Miss Petesch remarked that "kissing strangers is not becoming for our Miss America. It's downright undignified."

Miss America arrived Thursday for a two-day fashion show.

Niles Man Faces Trial Monday On Extortion Plot

WARREN, Ohio (AP) — Paul LaMonge of Niles is scheduled to go on trial Monday on charges growing out of a grand jury probe of Warren's $4.5 million sewer project.

Common Pleas Court Judge G. H. Birrell set the trial date Thursday after overruling three motions filed by counsel for LaMonge.

In a motion for a change of venue, the attorney argued publicity given the case would make it impossible to get a fair and impartial trial. A second motion asked under which count of the indictment the prosecution intends to proceed against LaMonge, and a third asked for dismissal of the indictment.

The judge held the motions were not well taken.

LaMonge is accused of attempting to extort $200,000 from contractors on the project, obtaining $10,000 from the contractors under false pretenses, and with witness intimidation.

Singer Jane Froman Enrolls At Missouri U.

COLUMBIA, Mo. (AP)—"I sang and danced my way all through school the first time and I loved every minute of it, but now I'm looking forward to something else."

Jane Froman, singer of stage, radio and television fame, has returned to the University of Missouri and enrolled in three art courses.

She left the university in the early 1930s to become a vocalist with Paul Whiteman's band and she has been singing ever since.

A plane carrying a USO troupe crashed at Lisbon in 1943, killing 23 persons and nearly taking Miss Froman's life, but she underwent 30 operations and went on singing.

Now 51, she is going back to school and this time, she says, her school work is going to be different.

Steelworkers Reported Eyeing 30-Hour Week

CLEVELAND (AP)—Some steelworkers in the greater Cleveland area are interested in a shorter work week.

Paul Schremp, head of United Steelworkers District 28, said a group of steelworkers told a special wage policy committee Thursday it believed the work week should be 30 hours.

Three groups representing basic steel, office and technical workers and fabricators met with Schremp and five other USW members from the district, which includes Cleveland, Akron and Lorain.

Schremp said recommendations of the local committee would be submitted to the national wage policy committee meeting next week in Pittsburgh.

Schremp would not disclose which group favored the 30-hour week, but said all members want greater job security, longer vacations, and pensions reduced to age 60.

The 29,000-member district has made no recommendation on the amount of wage increase to be sought, Schremp said.

The present USW contract expires June 30, but there has been no indication when formal talks will open.

USW leaders declined comment on reports the Kennedy administration would like to see a contract settlement by March 1.

U.S. Says Egg Noodle Must Have Egg In It

ATLANTA, Ga. (AP) — To be an egg noodle, an egg noodle must have egg in the noodle, says the U.S. government.

Or, as the Food and Drug Administration said after seizing and condemning 26 tons of noodles Thursday: The noodles were "adulterated" in that the "valuable constituent egg or egg yolk had been wholly or in part omitted therefrom."

The government said the noodles made by the Paramount Macaroni Manufacturing Co. of Brooklyn, N.Y., were labeled "egg noodles" but didn't contain the required minimum of 5 per cent egg solids or egg yolk.

Man Murders Lawyer, Then Kills Himself

CLEVELAND (AP)—An attorney was shot to death in his home Thursday night, police said, in an argument with a man who later took his own life.

Firemen evacuated the lawyer's wife and five children as police used tear gas shells in an unsuccessful attempt to rout the gun-wielding visitor from a locked study.

Dead are Allen Madorsky, about 36, of South Euclid, a partner in a law firm, and Carl F. Bittner, 51, of Cleveland, a machine operator.

Police quoted Bittner as saying he shot Madorsky because of "business difficulties and he was picking on me."

Patrolman Raymond O'Malley, one of three summoned to the house, said Bittner told him he wouldn't come out of the room after he apparently shot Madorsky because "you'll shoot me if I do."

After the tear gas assault, police broke down the door of the study. The bodies were lying on the floor. An automatic pistol was nearby.

William Van Beghel, South Euclid police chief, gave this account:

Bittner arrived at the Madorsky house in a pickup truck about 8:15 p.m. Both went into the study. Mrs. Madorsky said she heard them quarreling violently later and summoned police.

Police attempted to get into the study but Bittner slammed the door shut. Three shots were heard, followed later by a fourth.

Mrs. Madorsky told police she did not know why Bittner came to their house.

Man Murders Lawyer, Then Kills Himself

CLEVELAND (AP)—An attorney was shot to death in his home Thursday night, police said, in an argument with a man who later took his own life.

Firemen evacuated the lawyer's wife and five children as police used tear gas shells in an unsuccessful attempt to rout the gun-wielding visitor from a locked study.

Dead are Allen Madorsky, about 36, of South Euclid, a partner in a law firm, and Carl F. Bittner, 51, of Cleveland, a machine operator.

Police quoted Bittner as saying he shot Madorsky because of "business difficulties and he was picking on me."

Patrolman Raymond O'Malley, one of three summoned to the house, said Bittner told him he wouldn't come out of the room after he apparently shot Madorsky because "you'll shoot me if I do."

After the tear gas assault, police broke down the door of the study. The bodies were lying on the floor. An automatic pistol was nearby.

William Van Beghel, South Euclid police chief, gave this account:

Bittner arrived at the Madorsky house in a pickup truck about 8:15 p.m. Both went into the study. Mrs. Madorsky said she heard them quarreling violently later and summoned police.

Police attempted to get into the study but Bittner slammed the door shut. Three shots were heard, followed later by a fourth.

Mrs. Madorsky told police she did not know why Bittner came to their house.

OIL FURNACE OWNERS ARE
WASTING OIL
ARE YOU ONE OF THEM?

It's quite possible . . . but it's not your fault or the fault of your oil burner. Because until about two years ago there just wasn't a residential oil burner on the market that accurately generated and controlled the supply of air for combustion. Chimney height . . . erratic wind conditions . . . firebox temperatures . . . loss of heat up the stack . . . ALL were varying factors which caused inefficient firing and high fuel bills.

Now users report savings up to 33%—and even more—with a new oil furnace developed by Iron Fireman

This amazing new Iron Fireman furnace is called the CUSTOM Mark II. It generates its own combustion air supply. Utilizing *VoluMetric Combustion*, it burns oil vapor and the oxygen in the air in just the right proportions for smokeless firing. The fire *starts* clean and *burns* clean, with no soot or smoke. With clean electrodes, nozzle and interior heating surfaces, the *causes* of most service calls are eliminated.

Stop paying for heat you're not getting! Let us show you how much an Iron Fireman CUSTOM Mark II can save for you. Phone for a free folder giving complete information. No obligation whatever.

99 OUT OF EVERY 100 OIL FURNACE OWNERS ARE WASTING OIL

ARE YOU ONE OF THEM?

It's quite possible . . . but it's not your fault or the fault of your oil burner. Because until about two years ago there just wasn't a residential oil burner on the market that accurately generated and controlled the supply of air for combustion. Chimney height . . . erratic wind conditions . . . firebox temperatures . . . loss of heat up the stack . . . ALL were varying factors which caused inefficient firing and high fuel bills.

Now users report savings up to 33%—and even more—with a new oil furnace developed by Iron Fireman

This amazing new Iron Fireman furnace is called the CUSTOM Mark II. It generates its own combustion air supply. Utilizing *VoluMetric Combustion*, it burns oil vapor and the oxygen in the air in just the right proportions for smokeless firing. The fire *starts* clean and *burns* clean, with no soot or smoke. With clean electrodes, nozzle and interior heating surfaces, the *causes* of most service calls are eliminated.

Stop paying for heat you're not getting! Let us show you how much an Iron Fireman CUSTOM Mark II can save for you. Phone for a free folder giving complete information. No obligation whatever.

THE WHIP

QUESTION: What makes the sound when you crack a whip?

★ ★ ★

ANSWER: If you have a whip with a long lash and you can swing it with a big free movement that sends the lash out straight, you will often hear it give a cracking sound. This is because the end of the whip is hitting air. The lash goes tearing through the air at high speed, and the air is unable to move out of the way fast enough, so vibrations occur when the whip end meets the air. These vibrations are what you hear as a crack. Sometimes you hear a whirring sound, before you hear the crack. This sound is actually the vibrations that occur when the rest of the whip goes through the air, All sounds are made in this way—the motor of a car, the sound you make when you run, the sound of your voice. Because the objects making the sounds are different, different things happen when they meet the air, so you hear various sounds.

★ ★ ★

FOR YOU TO DO: Try, with whip lashes of varrying lengths, to make a whip snap and crackle. It takes skill and practice.

★ ★ ★

Kiwanis Told Expansion Of Scouting To Be Goal

The Columbiana Boy Scout Council's program is reaching more boys and preparing for even broader activities in the years ahead, the Kiwanis Club was told Thursday by Bennett Taylor, council executive.

Taylor, of Lisbon, said the council now has some 2,800 boys, reaching 38.5 per cent of the district's boys eligible to be Cub Scouts and 39 per cent of the eligible Boy Scouts. The average in the nation is 24 per cent.

Leadership training in the council is also much higher than the national average, and the council last year had a total of 28 Eagle Scouts, compared to the ratio of one to a thousand in the district from which he came.

Speaking on behalf of the adult leaders and directors of the council, Taylor declared, "we are growing, and we are doing a good job."

He pointed out that the council's camping season in 1959 was four weeks, in 1960-61 was five weeks and will be six weeks in 1962 to accommodate the increased number of youths.

Taylor underscored the independent nature of the council, which he said is not directed by national headquarters, but which administers, raises and spends its own funds, sets policy and hires and fires its personnel.

He reported the council had paid its way out of debt last year without altering its budget — "something which many councils did not do."

Taylor showed plans for council growth projected as far as 1980 when six out of every 10 boys of Cub Scout age will be in the program. He also listed such needs as larger diningroom facilities at the camps.

The official described recent improvements at Camp McKinley, including the old McKinley homestead where the interor is being remodeled, fireplaces opened and original horsehair plaster walls being duplicated.

Taylor pointed out the council's activities are financed by local fund drives and gifts, and declared the co-operation of the council's leaders and their efficient planning made the record possible.

Taylor was introduced by Eugene Hall, program chairman.

Sunnyside Area Group Reviews Plans On Access

A group of Sunnyside area residents met Thursday night with James H. Grafton of Edgewood Ave. to review plans to obtain improved access to the residential area.

Discussion was held on Wednesday's tour of the area by a fire truck with Safety - Service Director Robert Owens in a test of whether the equipment could reach the area by way of a new ramp between Lisbon and W. 9th Sts.

The group feels reassured that fire protection for the residential area is adequate as a result of the test, a spokesman said.

Residents have complained that Freeway construction and making W. 9th St. a dead-end street reduced access. City officials have assured them an effort will be made to have the state construct a new ramp linking W. 9th.

The residents plan to send representatives to Council Monday night.

Bricker Hints At Bid For Senate Seat

COLUMBUS, Ohio (AP) —A newsman publicly raised the possibility Thursday that former Sen. John W. Bricker might attempt a comeback in 1964 and seek the seat Sen. Stephen M. Young captured from him in 1958.

Bricker, a Republican stalwart who served three terms as Ohio governor, seem pleased that the question had been raised and even more pleased at the comment by Sen. Thruston B. Morton, R-Ky, former GOP national chairman, that Bricker could defeat Young in a rematch.

No prospective candidate ever will commit himself two years in advance of an election, but Bricker did say afterward: "Don't be surprised if I'm a candidate."

Close friends have been saying that Bricker is "just living for the day" when he can attempt to avenge his defeat by Young in the Ohio Democratic landslide of 1958 in which the so-called "right-to-work" issue was a major factor.

Asked today for further comment on his plans, Bricker laughed and said: "That's a long way off yet. Right now I'm more interested in getting Jack (his son) through law school and in practice next year.

"I did get a kick out of Sen. Morton remarking how haggard the present senators often look and how well I was looking, by contrast. I've been feeling fine, but that made me feel even better."

"Is it safe to assume," Bricker was asked, "that you are not interested in running against Sen. Frank Lausche this year?"

"I'm not a candidate for anything this year," Bricker replied.

Ike Urges Republicans To Have Fighting Heart

LOS ANGELES (AP) — "It is heart which wins wars," said Dwight D. Eisenhower, "whether on the battlefields or in peace."

He stood before a crowded hall Thursday night for what was supposed to be a brief warmup talk —and turned it into a ringing plea for fighting heart among his fellow Republicans.

"It is heart which keeps us plugging," said the former president, "without ever admitting defeat."

Ike was the main speaker on a cross-country telecast studded with names of top Republicans. But the national TV audience did not hear the off-the-cuff peptalk Ike delivered earlier to a throng estimated by GOP sources at 10,000 persons.

He stretched the three-minute greeting into seven minutes, much of it more spirited than his TV delivery. The audience at the "We Miss Ike" rally cheered a full three minutes when he finished.

Eisenhower told the gathering that the GOP should fight to cut down the percentage of the Democratic edge even in areas where Republicans know they can't win.

"We had a paper-thin defeat in '60," said Eisenhower. "Still, it was a defeat. Any one of 100 things happening differently could have brought us victory. What we have is the job of plugging all the little gaps."

It takes fighting spirit to do this said Eisenhower—spirit worked up to a real pitch.

He added: "You yourself are more important than the dollars that you give, if along with the dollars you give yourself."

The rally at Olympic Auditorium wasn't primarily a fund raising affair (although the hat, figuratively speaking, was passed). That part of the evening came later, when a gathering of the wealthier GOP faithful paid $1,000 a ticket to attend a dinner and reception for Eisenhower at a downtown hotel. An official said 93 tickets were sold.

Pope Announces Ecumenical Council To Convene Oct. 11

VATICAN CITY (AP) — Pope John XXIII announced today that the Roman Catholic Church's Ecumenical Council will be convened on Oct. 11.

The pontiff's decision on the opening date for the 21st world wide conclave in the history of the church—the first in nearly 100 years—was made known by Msgr. Fausto Vallainc, preessss chief for the Ecumenical Council.

The council, to be known as "Vatican II", will bring to Rome some 3,000 leaders of the Catholic Church, and Pope John is expected to invite other Christian churches to send observers. The pontiff has already established a secretariat for unity to facilitate this.

The pontiff in a papal bull on Christmas Day convoking the council expressed the hope that it would serve as a step toward Christian unity. But he made clear that the Roman Catholic Church still looks to a return of "the separated brothers" and not a confederation of churches in which authority would be shared.

The papal bull also foreshadowed a new assault by the council on atheistic communism. The 80-year-old supreme ruler of the church said in that proclamation that militant atheism, operating on a world plan, is "an entirely new and disconcerting fact."

Presbyterian Camp Group Discusses New Brochures

Sample brochures were distributed at the meeting of the brochure and program committees of the Beaver Creek United Presbyterian Camp Thursday afternoon at the Lisbon First church. Leadership materials and director's packets were discussed.

The Rev. Chalmer Goshorn of East Palestine was in charge of the brochure committee meeting and the Rev. W. Ranson Rice Jr. of Amsterdam offered prayer.

The group decided the booklets must be completed by March 31. Mrs. Allen C. Pepin of East Liverpool, secretary, will send the brochures to the churches April 6 and on April 30 to the campers who registered last year.

The program committee opened with prayer by the Rev. Russell Williams of North Benton.

Training period for directors will be April 30-May 2 at the Temples Hills training camp. Letters will be sent to each minister of the Mahoning and Steubenville Presbyteries for suggested councilors.

The directors' packet, "Standard Operating Procedures," will be presented at leadership training day May 19 at the Grimms Bridge camp.

A request from the development committee to provide directors office space was discussed.

The group is working on a film strip, with the Rev. Gene Phlegar of Bergholz in charge, for churches interested in the camp program.

Others who attended were Miss Elizabeth Larick of Poland, the Rev. I. R. McInroy and the Rev. Albert Shakley, both of Girard, and the Rev. Franklin MacAllister of Sebring.

The next program meeting will be March 22 at 1 p. m. at the Lisbon church.

The truck, owned by Joseph Hruby of Salineville R. D. 1, had been left parked with the keys in the ignition. Hruby arranged for its return.

Repair Slated Saturday For Glenn's Atlas

CAPE CANAVERAL, Fla. (AP) —John H. Glenn Jr.'s Atlas booster is expected to be repaired by Saturday signaling a resumption of tests aimed at rocketing him into orbit about the earth on Feb. 13.

Trouble developed in the Atlas fueling system Tuesday while Project Mercury officials were preparing for a Thursday launching. The effort was put off until Feb. 13, and the National Aeronautics and Space Administration said Thursday that this is still the target date.

The NASA statement said that repairs "are expected to be completed by Saturday and retesting of all systems to begin at that time."

Glenn is scheduled to orbit three times around the globe, landing in the Atlantic Ocean 800 miles southeast of here 4 hours 50 minutes after launching. NASA said no problems developed in the "Friendship 7" spacecraft as a result of the Atlas fuel leak.

One Of Most Wanted Being Sought In Ohio

CLEVELAND (AP)—A 28-year-old man on the FBI's 10 Most Wanted list is being sought in Ohio. He is Franklin E. Alltop.

E. E. Hargett, special agent in charge of the Cleveland FBI office, said Alltop escaped from a jail in Wayne, W.Va., shortly after he was paroled from Ohio Penitentiary in 1959 on a robbery conviction. He was to stand trial in West Virginia for another holdup.

Youth Held For Court On Auto Theft Charge

Gary Lee, 18, of 3rd St., Wellsville, was held for the Grand Jury under $5,000 bond today in Municipal Court when he pleaded guilty and waived a preliminary hearing on a charge of an auto theft.

The charge was filed by State Highway Patrolman E. D. Wain, alleging that Lee stole an auto owned by Lawrence E. Dew of Toronto Sunday night on W. 5th St. The officer took the youth into custody four hours later on 1st St., Wellsville.

The affidavit said it was Lee's second arrest on an auto theft charge. Court attaches said he now is on parole from the Boys Industrial School at Lancaster for the first offense, allegedly committed when he was a minor.
